

**COMBINED SPECIAL MEETING (EXECUTIVE SESSION)  
AND BUDGET RETREAT AGENDA**

**\*A M E N D E D**

**CITY COUNCIL COMBINED SPECIAL MEETING  
(EXECUTIVE SESSION) AND BUDGET RETREAT  
WEDNESDAY - FRIDAY (FRIDAY, ONLY IF NECESSARY)  
APRIL 24 - 26, 2013**

**COUNCIL CONFERENCE ROOM  
211 WEST ASPEN AVENUE  
8:00 A.M.  
EACH DAY**

**PLEASE NOTE**

***Agenda items may be addressed at any time over the multi-day retreat. The meeting will typically recess around 5:00 p.m. each day. Lunch breaks and regular breaks will be taken over the course of the days.***

**WEDNESDAY, APRIL 24, 2013**

**SPECIAL MEETING**

**1. Call to Order**

**2. Roll Call**

*NOTE: One or more Councilmembers may be in attendance telephonically or by other technological means.*

MAYOR NABOURS  
VICE MAYOR EVANS  
COUNCILMEMBER BAROTZ  
COUNCILMEMBER BREWSTER

COUNCILMEMBER ORAVITS  
COUNCILMEMBER OVERTON  
COUNCILMEMBER WOODSON

**3. Recess into Executive Session**

**4. Executive Session**

- A. Discussion or consultation for legal advice with the attorney or attorneys of the public body, and discussion or consultation with the attorneys of the public body in order to consider its position and instruct its attorneys regarding the public body's position regarding contracts that are the subject of negotiations, in pending or contemplated litigation or in settlement discussions conducted in order to avoid or resolve litigation, pursuant to ARS §§38-431.03(A)(3) and (4), respectively.

- I. Nackard et al v. City of Flagstaff

**5. Adjournment**

## **BUDGET RETREAT**

1. **Call to Order**
2. **City of Flagstaff 2014 Budget - Opening and Orientation**
3. **FY2014 Budget Focus**
4. **Fixed Costs and Expenditure Outlook**  
***BREAK***
5. **Employee Advisory Committee and Compensation and Benefits**
6. **Fund Presentations**
  - A. **General Fund Overview**  
***\*WORKING LUNCH***
  - B. **Recreation Fees**
  - C. **New Revenue**
  - D. **\*Community Development - Major Projects Update**  
***BREAK***
  - E. **BBB Funds Overview**
7. **Public Comment**

*Anyone wishing to comment at the meeting regarding the FY2014 Budget is asked to fill out a speaker card and submit it to the recording clerk. When this item comes up on the agenda, your name will be called. Please limit your remarks to three minutes to allow everyone to have an opportunity to speak. Limits may be adjusted at the discretion of the Mayor.*

8. **Review and Requests for Additional Information**  
***RECESS***

### **THURSDAY, APRIL 25, 2013**

9. **Reconvene - Opening and Overview**
10. **Fund Presentations (Continued)**
  - A. **\*Library Fund Overview**

B. **\*Flagstaff Housing Authority Fund Overview**

C. **\*Airport Fund Overview**

**\*BREAK**

D. **\*Environmental Services and Sustainability and Environmental Management Funds Overview**

E. **\*Capital Improvement Program**

**\*WORKING LUNCH**

F. **Utilities and Stormwater Funds Overview**

G. **HURF and FMPO Funds Overview**

11. **Public Comment**

**BREAK**

12. **Council Wrap Up / Adds and Deletes / Direction**

13. **Council Discussion re Procedure for Agenda Items**

14. **\*Informational Items To/From Mayor, Council, and City Manager**

15. **Adjournment**

**CERTIFICATION OF POSTING OF NOTICE**

The undersigned hereby certifies that a copy of the foregoing notice was duly posted at Flagstaff City Hall on \_\_\_\_\_, at \_\_\_\_\_ a.m./p.m. in accordance with the statement filed by the City Council with the City Clerk.

Dated this \_\_\_\_\_ day of \_\_\_\_\_, 2013.

\_\_\_\_\_  
Elizabeth A. Burke, MMC, City Clerk

## CITY OF FLAGSTAFF

### STAFF SUMMARY REPORT

**To:** The Honorable Mayor and Council  
**From:** Elizabeth A. Burke, City Clerk  
**Date:** 04/17/2013  
**Meeting Date:** 04/24/2013

---

#### TITLE

**City of Flagstaff 2014 Budget - Opening and Orientation**

#### RECOMMENDED ACTION:

Council direction

#### INFORMATION

Attached are two documents for the discussion taking place during the City Council Budget Retreat of April 24-26, 2013, addressing the **City of Flagstaff FY2014 Budget**. First is the FY2014 Budget Book, and second is the Retreat Presentation Packet.

Brandi Suda, Finance Manager

GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished  
Budget Presentation  
Award*

PRESENTED TO

**City of Flagstaff  
Arizona**

For the Fiscal Year Beginning

**July 1, 2012**

*Christopher P. Morill*      *Jeffrey R. Egan*

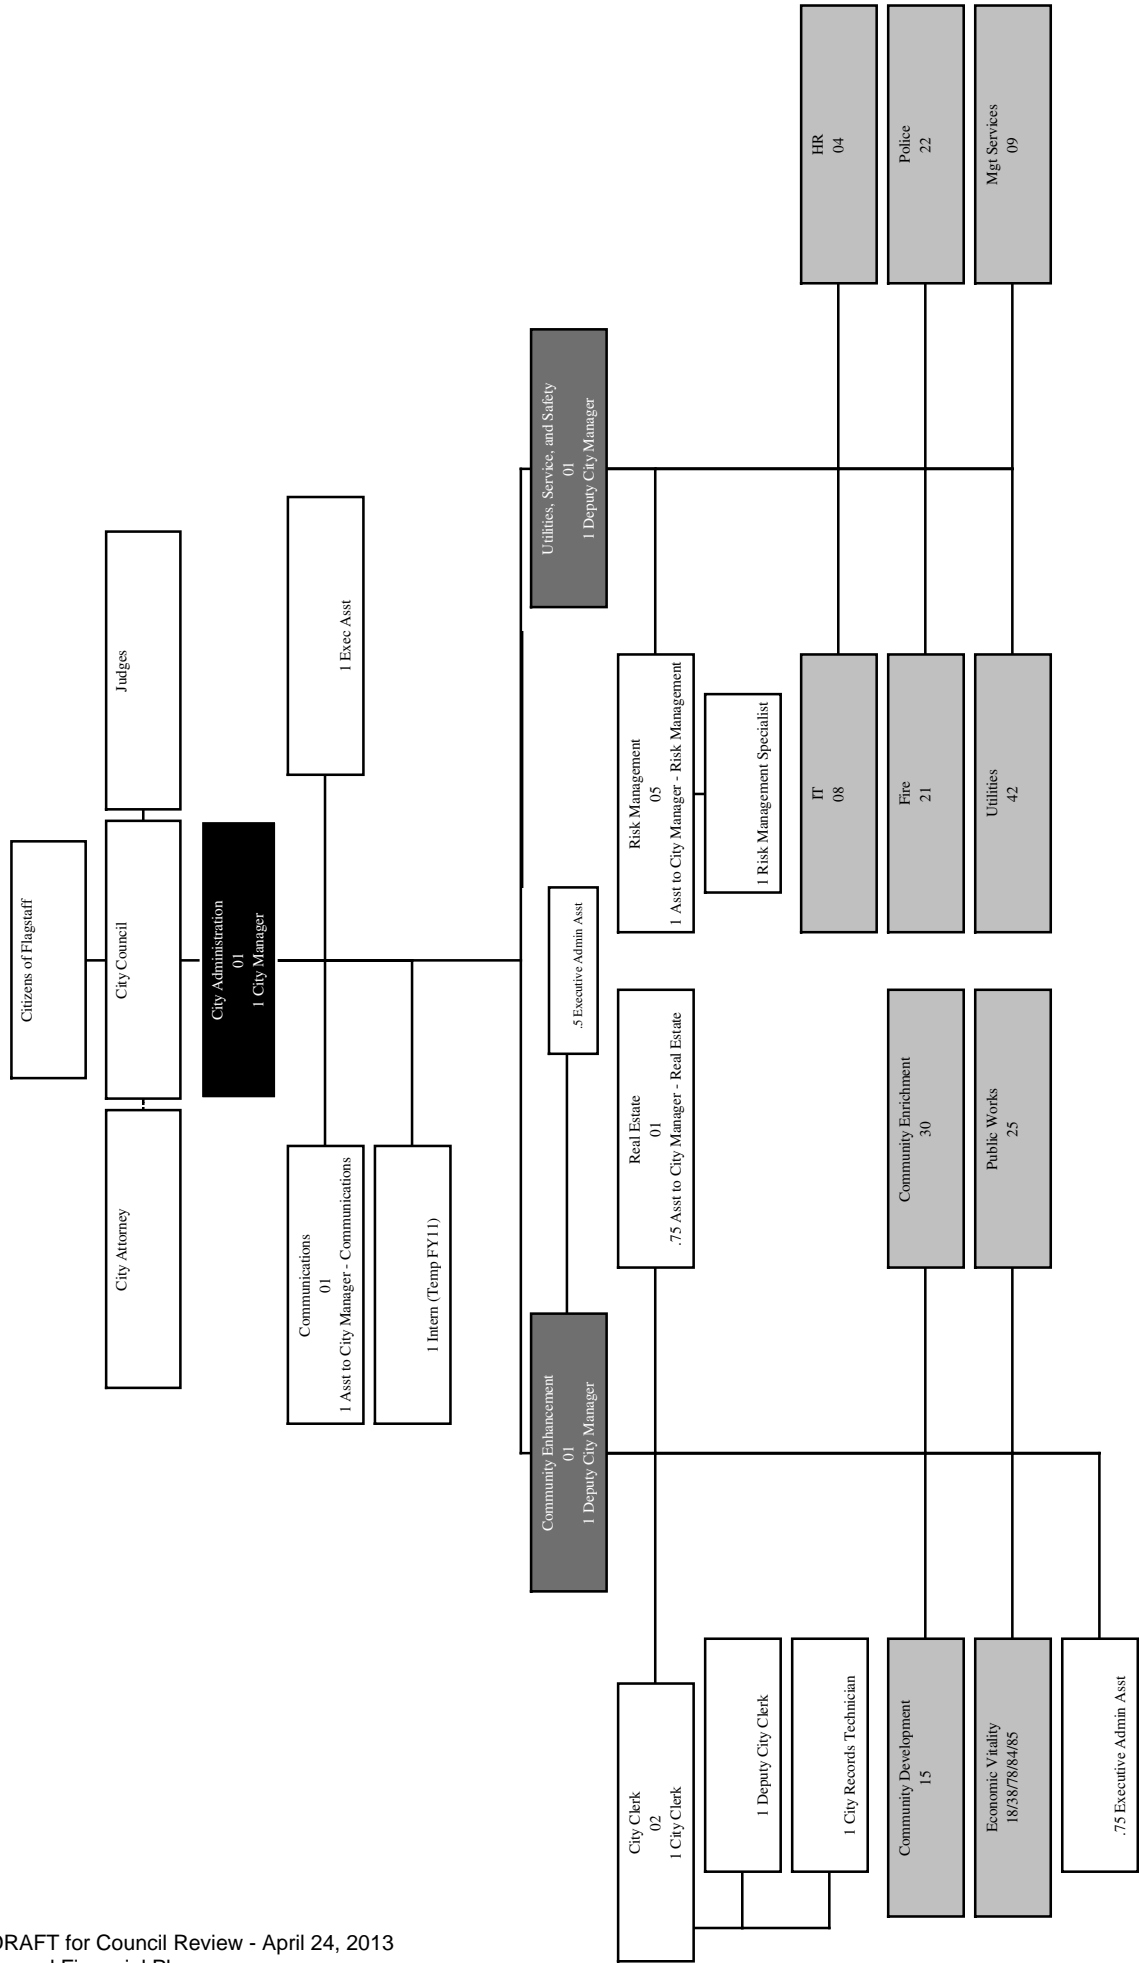

President

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City of Flagstaff, Arizona for its annual budget for the fiscal year beginning July 1, 2012. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

The award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

CITY ADMINISTRATION

## **CITY COUNCIL AND MANAGEMENT PRIORITIES**

### **FY 2014 Council Priorities are as follows:**

- ❖ Repair, replace, maintain infrastructure (streets & utilities)
- ❖ Fund existing and consider expanded recreational services
- ❖ Address Core Services Maintenance Facility
- ❖ Complete Rio de Flag
- ❖ Retain, expand, and diversify economic base
- ❖ Complete Water Policy
- ❖ Review financial viability of pensions
- ❖ Review all commissions
- ❖ Zoning Code check in and analysis of the process/implementation
- ❖ Develop an ongoing budget process

### **Regional Plan (2001) Priorities are as follows:**

- ❖ Land Use
- ❖ Commercial Development
- ❖ Industry and Employment
- ❖ Housing and Neighborhoods
- ❖ Cost of Development
- ❖ Transportation
- ❖ Open Space, Parks, Recreation and Trails
- ❖ Community Character and Design
- ❖ Natural and Cultural Resources and the Environment (includes Water Resources)
- ❖ Community Facilities and Services (includes Public Safety)

### **Other Management Priorities are as follows:**

- ❖ Effective Governance
- ❖ Resiliency and Preparedness Efforts

# City of Flagstaff

March 19, 2013

Dear Mayor and Council,

How we spend the public's money is our most important business. Every year we are challenged with more demands for public services than our resources enable. However, FY14 might be the most challenging we have seen in the last five years as we deal with the lingering effects of the Great Recession and pent up demand for municipal services. As a consequence, this pent up demand translated into lofty Council goals that I believe this City Manager Recommended Budget accomplishes.

By Charter, the City Manager is required to prepare the annual budget and submit it to the Council, and be responsible for the administration of the budget after adoption. I therefore assemble a team of professionals including members from Finance, Human Resources, Information Technology and the City Manager's Office to review each program, section and division within the City. Collectively known as the Budget Team, this group reviews what our Directors and Supervisors of these work groups believe are necessary to deliver valuable services that enhance the community's quality of life as well as meet Council goals and the City Manager's direction. This year's budget required even greater scrutiny and resourcefulness as we budget to achieve significant objectives on top of past reductions in revenue and staffing.

## **The Goals**

In July of 2012, the Council identified its goals and objectives for the next two years. Chief among those were maintaining quality infrastructure. At the November Budget Retreat, staff presented information on infrastructure planning. We looked at Fleet, Facilities, Streets, Utilities, Airport, Stormwater and Parks. To fully understand how to maintain the City's critical infrastructure, we framed our assessment of the City's projected infrastructure needs in three distinct ways.

### *GOAL: Maintain the Current Condition of our Critical Infrastructure – Stop the Bleeding*

First, we asked, "If we keep funding this component of infrastructure at the FY13 level, will the condition of the infrastructure get better, worse or remain the same?" In no instance would the condition of the infrastructure get better. In most instances, the condition would get worse. In other words, the municipal corporation patient was bleeding. So we then asked, "What will it cost to stop the bleeding and maintain the current condition of our infrastructure?" The answer is \$1.6 million in ongoing dollars across all funds including

\$390,000 in the General Fund. However, this number did not include pavement preservation. That added an additional \$26 million in ongoing dollars.

GOAL: Upgrade the Condition of our Critical Infrastructure – Close the Gap

To better understand our targets for infrastructure, we asked, "Once we stop the bleeding and maintain the current condition, what will it cost to upgrade the City's critical infrastructure to the generally accepted standard?" Combining both one-time and ongoing dollars, the answer was an intimidating \$135 million, including almost \$52 million in street construction and \$9 million in the General Fund.

GOAL: Maintain the Upgraded Condition of our Critical Infrastructure – Maintain

Lastly, we asked, "If we were to achieve the generally accepted standard, what will it cost annually to maintain the infrastructure component at that target condition while also stopping it from failing back into disrepair?" That answer was \$8 million City-wide including approximately \$4.3 million in street construction and \$750,000 per year in the General Fund.

At the conclusion of that November 2012 retreat, Council and Management established goals of "stopping the bleeding" first; building capacity in the budget to "maintain" infrastructure at the desired condition second, and then finding the dollars to bring infrastructure up to the standard—"close the gap"—third.

From November until February, Council engaged in a series of mini budget retreats to learn more about specific City services and determine if there was any Council desire to shift service levels or eliminate services entirely to help accomplish these goals. There was great discussion and inquiry; however, there were no obvious areas that a Council majority desired to eliminate. There was a Council consensus that employee compensation issues were a priority and needed to be addressed. Updated salary survey information demonstrated that City employees were, on average, 11% below the market average. Moreover, while pay cuts had been restored in April 2012, no raises had been awarded since 2009 during which time employee health insurance and retirement contributions had risen and health insurance benefits had decreased.

GOAL: Address Employee Compensation

At the February Budget retreat I presented the goal of a 3.2% market adjustment for all employees. This required approximately \$1.5 million across all funds, including \$1.2 million in the General Fund.

Therefore, the goals of "Stop the Bleeding" and "Address Employee Compensation" set a combined target of \$1.6 million in the General Fund in addition to any other possible funding towards pavement preservation (streets). For the purposes of the Recommended Budget, I set a goal of at least \$1 million in ongoing dollars for street repairs which is almost a 100% increase in funding over the FY13 level. Therefore, the overall cost of meeting the infrastructure and compensation goals is \$2.6 million in on-going dollars in the General Fund.

### Other Considerations

Also at the February retreat, Council expressed a desire to see a balanced approach towards funding this goal among: budget cuts, re-allocations across funds, and new revenues. Lastly, Council agreed to explore, within a larger transportation context, more significant revenue increases to address the large one-time amount necessary to bring the condition of Flagstaff streets up to a generally accepted standard.

### **The Starting Point**

From a revenue perspective, the City can firmly say that we are back in a growth situation. That is the good news. The bad news is the revenue growth is barely outpacing the inflationary growth of key expenditures. Let us review:

### General Fund and Highway User Revenue Fund (HURF)

Revenue projections show that local sales tax (1%) will generate approximately \$1 million in new dollars in FY14.

Initial state shared sales, income and auto taxes are expected to grow by \$80,000. Revised income tax projections added another \$450,000.

Revenue from building permits is expected to grow by \$315,000.

That's \$1,925,000 in new revenue. This revenue would be very helpful in achieving the aforementioned goals, except the inflationary growth in fixed costs.

City (employer) contributions to pensions for public safety personnel are expected to increase \$555,000 in FY14. City contributions to non-public safety employees are also expected to increase \$55,000. Participation in these state pension plans is mandatory. Furthermore, neither employers, such as the City, nor employees control the benefits or the contribution levels. These are set by the State Legislature and administered primarily by State boards.

Obligations associated with the FY13 "triggers", including a 0.6% increase in pay and bringing the "job families" that were more than 25% below the market to 20% below the market, will cost a combined \$400,000.

Health insurance increases from FY14 are budgeted at \$110,000 more than FY13.

Workers compensation premiums are scheduled to increase \$210,000. Additionally, property and casualty insurance is expected to increase another \$210,000.

General Fund utility increases came in around \$20,000 and were offset with adjustments to other utility accounts.

This leaves a starting point of approximately \$385,000 to address the above listed \$2.6 million infrastructure and employee compensation goals, or a \$2.2 million deficit.

HURF revenues are expected to increase \$400,000 due to a reduced State sweep. There is also a potential for an additional \$200,000 in LTAF funding. Rezones in Streets total \$40,000. This results in a starting point of \$560,000.

### BBB

The Bed Board and Beverage (BBB) tax continues to see growth. Aggressive efforts to stimulate our tourism industry at the very start of the recession have paid off as our reductions in BBB tax collections were minimal and short-lived. BBB revenues are expected to grow by 5% over last year's budgeted amounts.

This means new revenue in the Arts & Sciences (7.5%), Beautification (20%), Economic Development (9.5%), Recreation (30%), and Tourism (33%) fund allocations.

In most cases, the 5% growth more than pays for a 3.2% compensation increase for employees who work in these funds and the associated increase in infrastructure costs needed to "stop the bleeding." This leaves some capacity for additional expenses.

While the BBB funds are prohibited from transferring dollars to the General Fund to pay for non BBB related expenditures (like Police, Fire or Community Development), there are General Fund expenditures that could be transferred to different BBB funds. I will refer later to this as "fund re-allocation."

### Library Fund

The Library Fund is somewhat complicated because it serves as the fiscal agent for Flagstaff and all County libraries. There is a Library District property tax that all Coconino County residents pay (including those who live inside the Flagstaff city limits). The Flagstaff libraries (Main and the East Flagstaff Branch) are funded 67% with district funds and supplemented with 33% General Fund dollars.

County libraries are broken into two groups under our system: Branches and Affiliates. Branch libraries (Tuba City, the Jail, Grand Canyon, Havasupai, Forest Lakes and the Bookmobile) are funded entirely with District money but show up in the approximately \$3.5 million Library budget because they are managed by the Main Library. County Affiliate libraries (Fredonia, Supai, Page, Sedona, Williams and the County Law Library) are separate entities and while their funding passes through the City, they have zero impact on the Flagstaff budget.

The Flagstaff and County Branch libraries face a very difficult revenue starting point. The assessed value for the Library District dropped 13%. This means, if the property tax rate is held constant, the revenue will drop approximately \$670,000 in FY14 versus FY13. This equates to about a \$340,000 drop in revenue for Flagstaff libraries and a \$330,000 drop in revenue for the County Branch libraries.

On the expenditure side, the Library starts the fiscal year with a \$30,000 deficit due to funding needs for QIC fleet capital replacement. Additionally, the Library has undergone a two year evaluation of its employee classification and organizational structure. In short, this evaluation found a number of employees were not properly classified and the overall organizational structure was extremely outdated. To correct both of these deficiencies will require \$172,000 in additional ongoing dollars. The cost of the employee market adjustments equals approximately \$60,000. Together, this totals \$262,000 in new expenditures on top of a \$340,000 revenue decrease for a total starting point of negative \$602,000.

#### Environmental Services

There are two principal programs in the Environmental Services Fund--Solid Waste and Sustainability and Environmental Management Section (SEMS). FY14 will mark the division of these two programs into different funds as they have unique revenue sources. Therefore, I will treat them as two separate entities for the purposes of balancing revenues against expenditures.

*Solid Waste:* Solid Waste anticipates \$59,700 in new revenues attributed to increased tonnage and rates associated with the landfill. In addition, Solid Waste anticipates salary savings in the amount of \$70,500. The cost of providing the employee compensation market increases and QIC budgeted expenses also total \$118,200. I recommend with the separation of these two principal programs that the Hazardous Products Center (HPC), which is currently funded in the SEMS budget, be fully funded out of the Solid Waste budget. The purpose of the HPC, located at the landfill facility, is to divert hazardous waste from entering the landfill. This facility and the services it provides drastically reduce additional clean-up and monitoring costs in future years. The cost of the HPC is approximately \$225,000 per year. It is off-set by \$65,000 in revenue generated by the HPC. (Net \$160,000 cost to operate.) Additionally, the separation of SEMS from Solid Waste also separates the indirect charges. This equal approximately \$80,000. Therefore, Solid Waste starts with an \$80,000 deficit. As an operational note, SEMS will continue to administer the HPC program.

*SEMS:* SEMS revenue comes from the \$4 per month Environmental Management Fee collected on City utility bills. There is no anticipated growth associated with this revenue source but will show a \$21,500 deficit. However, with the separation from Solid Waste, SEMS will not be burdened with the \$160,000 in operating costs associated with the HPC. Before that \$160,000 is re-allocated within SEMS, the section will need to pay a share of indirect costs (i.e. their proportionate share of administrative overhead such as legal, human resources, information technology, etc.). This is approximately \$80,000. They will also need to cover the cost of the employee compensation market increases which equal approximately \$20,000. This leaves a starting point of \$40,000 to the positive.

#### Utilities

The Utilities Division manages two funds: Water/Wastewater/Reclaim (WWR) and Stormwater. The WWR Fund will experience a \$518,000 increase in revenues associated with its growth in new customers and a rate increase that went into effect January 1, 2013. However, the

\$518,000 increase in revenues was already budgeted for capital and operational increases in the five year plan. The WWR starts with a \$120,000 deficit in order to accomplish the 3.2% market adjustment.

#### Stormwater

Stormwater is anticipated to receive \$25,500 in additional revenue associated with growth in new customers. The cost of the market increases is \$12,000. Therefore Stormwater has some capacity for additional expenditures as its starting point.

#### Flagstaff Housing Authority

The FHA faces a very challenging year due to sequestration at the federal level. FHA's funds come almost entirely from HUD and rents collected. With sequestration at the federal level, FHA is anticipating an 18 percentage point drop in Section 8 housing funding and six percentage point drop in public housing funding. Final sequestration amounts have not been determined, but all cuts would be fully absorbed within the FHA budget. This will likely mean fewer vouchers in Section 8, and administrative and maintenance decreases in public housing.

### **Solutions - Expenditure Changes, New Revenue and Reallocations**

Each fund has a unique starting point and therefore poses different challenges for reaching Council goals and achieving a balanced budget.

#### General Fund and HURF

As noted above, the budget goal of the General Fund was to fund \$1.2 million in market increases to employee compensation, \$390,000 to maintain current conditions of the City's fleet and facility infrastructure, and \$1 million in pavement preservation (streets). In addition, the Budget Team was presented with the opportunity to take BBB-Parks to a level 2 maintenance standard when Council approved the Parks and Recreation Master Plan. To improve BBB Parks to a level 2 requires \$200,000 in additional revenue transfer from BBB – Recreation.

Additional expenses anticipated in FY14 include a potential \$100,000 in ongoing dollars to cover the decision by the local and state PSPRS board to admit the six Airport Fire and Maintenance Workers into the Public Safety pension. This also has a possible one-time price tag of \$400,000 in back contributions to the plan.

As the budget team reviewed the departmental budgets, we identified three areas where I have recommended funding. First, we see the need for a full time switchboard operator. As we have made budget cuts over the years, we have reduced some of these positions devoted to customer service. As such, we have seen increased complaints and challenges as citizens try to reach the personnel they need. I believe it is time to devote some resources to the front line and recommend funding a full time switchboard operator. Further, we have identified \$77,000 in request for service level adjustments (RSLs) which are itemized in the Council FY 2014 Budget

Retreat Packet. An additional \$434,000 in requests was approved using other funding sources, including QIC, IT Capital, Bonds, SEMS fee, etc.

Second, I am recommending a \$50,000 transfer from the GF to the Library Fund that will be described in detail in the Library Fund section.

Lastly, the FY13 trigger to move those positions that were more than 25% below the market average included adjusting the Police Department pay plan; however, funding for the FY13 trigger did not fully cover this adjustment. This, combined with some approved reclassifications within other General Fund programs, will cost \$92,000.

<b>Increase to On-Going Expenditures – General Fund</b>	
Compensation	\$1,200,000
QIC – Fleet, Facility and Parks Infrastructure	\$390,000
Street Infrastructure	\$1,000,000
Airport PSPRS	\$100,000
BBB-Parks to Level 2	(Offset) \$200,000
Switchboard and RSLs	\$117,000
Library	\$50,000
PD Pay Plan and Reclasses	\$92,000
<b>Total</b>	<b>\$3, 149,000</b>

As noted above, we start with approximately \$385,000 in new revenues from existing sources. This leaves approximately \$2.8 M in unfunded expenditures. To address these specific additions in funding, we looked at three sources: 1) reduce General Fund expenditures, 2) increase revenues, and 3) reallocate expenditures to other funds. The pie chart below illustrates how we used those three tools to balance the General Fund and HURF Fund. A detailed list of what constitutes these numbers can be found in the Council FY 2014 Budget Retreat Packet.

## GENERAL FUND: Reduced Expenditures, Reallocations and New Revenue

While there are numerous cuts to expenditures in the General Fund, I want to call your attention to several more prominent cuts. First, consistent with the Innovations Committee recommendation, but contrary to the recommendation by the Parks and Recreation Commission, I will not be filling the vacant Community Enrichment Service Director position. The Recreation Section will report to the Public Works Director and the Library will fall under the Management Services Director.

Second, related to Community Enrichment Services, we are proposing reduced hours at the Aquaplex, Flagstaff Recreation Center, and Libraries. The Aquaplex will close 1 hour earlier Monday through Friday (9:00 p.m. instead of 10:00 p.m.). Flag Recreation Center will open an hour later Monday through Friday (2:00 p.m. instead of 1:00 p.m.). The Main Library will close 1 hour earlier everyday (8:00 p.m. Monday – Thursday, 6:00 p.m. Friday, and 5:00 p.m. Saturday) and the East Branch will close 1 hour earlier Monday through Thursday (8:00 p.m. instead of 9:00 p.m.).

Third, three police officer positions (2 providing municipal court security and 1 providing training) will be accomplished with civilian rather than sworn personnel, and in the case of the Municipal Court, a contract for security. Staff is working to confirm the impact of this recommendation with the City's COPS grant. One fire fighter/paramedic position will be accomplished with part-time employees. Both of these moves enable the organization to continue to offer the service but with reduced pension costs that save money overall.

Fourth, I would implement a \$200,000 reduction in salary costs associated with a new vacancy savings program. All General Fund positions that become vacant during the year shall be held unfilled for at least 30 days. In those cases where a 30 day vacancy is not possible, the Division will need to cut the equivalent amount from elsewhere in their budget.

In terms of new revenue, I will highlight three new sources. First, is an increase in recreation fees that will generate \$170,000 in FY14. The specifics of that proposal can be found in the Council FY 2014 Budget Retreat Packet. Second, is \$120,000 increase associated with applying the City's 1.72% sales tax to water bills. Finally, I am recommending that we charge a fee for the materials testing lab. This is a service the City offers to developers who will eventually be conveying infrastructure to the City. In FY14 we are asking for 100% cost recovery of this service. In FY15 it is my plan to bid this service but allow the internal work group to compete in this process.

I would also like to note one operational issue in Community Development. Spring of 2013 has seen a dramatic increase in the number of applications for new development. In order to avoid increasing personnel costs, we have contracted with a private firm to review building permits (paid for with 100% cost recovery of this fee). This works because plans are compared against pretty black-and-white building codes. Planning reviews are compared against more interpretive zoning codes. Therefore, contracting-out current planning functions is not productive. My preference is to avoid adding staffing in an area where work flow rises and falls pretty fast. Therefore, the Neighborhood Planner position will be recruited with the ability to handle current planning tasks when needed. In addition, I will add 1 unfunded FTE. This potential position will be funded strictly with plan review fees. Such a move would require increasing plan review fees from 50% cost recovery to 100% cost recovery.

#### One-Time Dollars

The previously discussed revenue and expenditure changes are all "on-going" meaning these are changes that are balanced into the next five years at least. Every year, there are also "one-time" revenues that are available for one-time expenditures. For FY14, there is \$1.6 million in the General Fund and \$1,265,500 in HURF.

The principle recommendation of the one-time expenditures is \$900,000 to pavement preservation. This brings the FY14 total for pavement preservation to \$3.70 million (\$1.15 million base, \$1 million GF new on-going expenditure, and \$1.55 M in one-time dollars).

Another recommendation includes \$400,000 in one-time dollars to fund back contributions for Airport Fire and Maintenance workers if they are allowed to join PSPRS as the State board has ruled.

\$910,000 is recommended for one-time RSL's in the General Fund. A list of these are included in the Council FY 2014 Budget Retreat Packet and includes roof repairs for the LEAF building.

## BBB

### *BBB- Beautification*

I recommend transferring \$66,000 in expenses from the General Fund to Beautification including funding maintenance of Townsite trees and a portion of median maintenance, which were formerly paid for by HURF. FY14 will also serve as a planning and preparation year for a notable change in an operational aspect of this fund. As you may know, BBB Beautification pays for the construction and maintenance of medians and streetscaping. The maintenance portion is accomplished by transferring dollars from BBB-Beautification to Parks who accomplish the actual maintenance. In FY14, the BBB-Beautification fund manager will prepare a more precise scope of services necessary to maintain the medians and streetscaping. Once accomplished, that scope of service will be put out to bid. Private sector and Parks will have the opportunity to bid on that maintenance contract.

### *BBB-Economic Development*

I recommend reducing the General Fund transfer by \$90,000 and have BBB-Economic Development absorb the ongoing funding for the ECONA contract which was previously borne by the General Fund. This relieves the GF of \$90,000 in Economic Development expenses. The ability to do this comes in part by transferring the contribution to the Science Foundation (\$50,000) from BBB-Economic Development to BBB-Arts and Sciences.

### *BBB-Tourism*

As you may recall earlier in this letter, this fund has \$164,000 in new revenue associated with the BBB tax generating more income. I recommend transferring the expense to run our Special Events program from the General Fund to Tourism. I am also transferring our GF expenses associated with the Cardinals and Fireworks to this fund. These combine for approximately \$126,000 in decreased expenditures for the General Fund and equal increases in expenditures for BBB Tourism. The budget team also granted RSLs for improved custodial service at the Visitor Center and some software upgrades. We also noticed a healthy fund balance in this fund and have allocated \$100,000 in one-time dollars to increase marketing in FY14.

### *BBB-Arts and Sciences*

This fund grew by \$25,000; yet, we are asking it to absorb the \$50,000 commitment made to Science Foundation Arizona and cut neither the Flagstaff Cultural Partners appropriation nor the Public Arts appropriation. This will require dipping into fund balance, which has sufficient funds to accomplish these goals. Long-term, it is my hope that the Science Foundation contribution will be offset by further revenue growth in this fund and decreased total commitment.

### *BBB-Recreation*

To fund ongoing Recreation operations and free up General Fund capacity, this fund will absorb \$250,000 in ongoing recreation expenditures. It will also absorb \$200,000 in Park Maintenance costs to increase BBB-Parks from a level 3 to a level 2 in accordance with the Park and Recreation Master Plan.

### Library Fund

As noted above, this fund starts with a \$602,000 deficit. I request that the Library District hold the property tax levy flat. This means the property tax amount stays the same but it requires the tax rate to increase. The net effect is no change in dollars to the tax payer. This would restore approximately \$340,000 in funding to the Flagstaff libraries. Failure to do this would require the City to close the East Branch Library. If that happens, the additional cuts below would not be necessary. There would also need to be a reduction in hours at all the Branch libraries as they are 100% funded by District revenues.

Assuming the tax levy remains flat, the remaining \$290,000 deficit will be balanced with the following measures. First, close the Main and East Branch Library one hour early as noted above. Transfer \$100,000 in circulation materials from the ongoing funding to the one-time funding. I also recommend increasing the contribution from the General Fund to the Library Fund in the amount of \$50,000.

Lastly, in order to accomplish the badly needed and long delayed re-organization, I am asking for an increase in the tax levy to generate \$100,000. In the absence of this, I am recommending funding the reorganization through the “trigger” mechanism.

### Utilities

#### *WWR*

The WWR Fund sees a \$518,000 increase in revenue that is offset with increased expenditures in electricity and maintenance. Therefore, as noted above, Utilities starting point is a \$120,000 deficit. Consequently, they will make the reductions listed in the Council FY 2014 Budget Retreat Packet. Review of that appendix reveals that these are across the board small changes to various accounts, most of which just won't see the anticipated increase that new revenue was going to bring.

#### *Stormwater*

While Stormwater is able to address the increases in compensation with increased revenue from additional users, the broader goal Council set during a mini-budget retreat was to show at least equal distribution between planning and construction. This budget accomplishes this. There is approximately 45% appropriated to planning and administration functions and 55% allocated to construction and maintenance functions.

### Environmental Services Fund

As noted above, we will be splitting this Fund into “Solid Waste” and “SEMS.”

#### *Solid Waste*

Solid Waste has a starting point of negative \$80,000. This means various cuts must be made in order to balance the fund. Consequently, we are eliminating a 1/3 time position, decreasing bulky trash pick-up from once per month to once/quarter, reserving salary savings and billing for downtown commercial services.

### *SEMS*

Sustainability and Environmental Management Services Fund started with \$60,000 in capacity. Additionally, I am recommending that we conclude the APS Green Choice purchasing program due to our robust photovoltaic program. This saves an additional \$27,000 a year. Consequently, I am recommending SEMS pay for the Greater Flagstaff Forest Partnership (GFFP) base contract, half of the wildland leadworker position, maintenance of open spaces such as Picture Canyon, and a ½ time volunteer coordinator focused upon graffiti removal.

### Other Funds

The Flagstaff Housing Authority will balance its operating expenses to revenues, including market adjustments for employee compensation through various reductions as noted above.

The Airport Fund will see a \$25,000 increase to its revenue which will offset an approved reclass/rezone and needed utility increases. The Airport will fund its market adjustments and recent reclassifications by reducing other operating expenditures in the amount of \$14,600. However, the addition of ARFF workers to the PSPRS will require a \$100,000 transfer from the General Fund.

### **Conclusion**

The previous eleven pages are indications about how challenging it has been to accomplish our lofty goals while maintaining our broad array of well loved municipal services. This budget enables a 250% increase in budgeted street repairs, a 3.2% increase in employee compensation, and improving half of our Parks to the Master Plan benchmark. It also addresses two significant budget difficulties. One associated with the Library District and the other associated with the pension plan of Airport Maintenance Workers.

Such budget management required the movement of a lot of pieces. Consequently, believe it or not, I have focused on the bigger picture in this transmittal letter. If you have questions about particular expenditures, feel free to inquire before or during the April Budget retreat. The Budget Team and I may not be able to answer it off the top-of-our-heads, but we can find you the answer fairly quickly.

I look forward to our further discussions on the FY14 City Manager's Recommended Budget.

Respectfully submitted,

Kevin Burke  
City Manager

## **The City of Flagstaff Service At A Higher Elevation**

### **Mission**

To protect and enhance the quality of life of its citizens

### **Vision**

The City of Flagstaff is a safe, diverse, vibrant, and innovative community with a unique character and high quality of life. The City fosters and supports a balance of economic, environmental, educational, and cultural opportunities.

### **Values**

*Teamwork*

*Accountability*

*Communication*

*Quality*

*Leadership*

## BUDGET OVERVIEW

The City of Flagstaff FY 2014 Financial Plan presents a fiscally sound and balanced budget that maintains the integrity of the City's financial condition while still meeting the service level demands of a community that expects quality services. The Financial Plan is balanced not only financially, but also equally as important, balances the allocation of resources among operating

requirements, capital needs, debt burden, and strong reserves for future needs and contingencies.

This section briefly describes the document *Format and Presentation*; the *Assumptions and Strategies* which formed the working parameters of the budget development; *Highlights of Appropriations, Revenues, and Capital Improvements Plan (CIP)* for FY 2014; *Debt Structure*; and the *Fund Balances*, which are the operating framework of the Financial Plan.

	<u>\$ 101,536,088</u>

\* Exclusive of Debt Service

\$ 17,102,360

#### **OPERATING BUDGET**

**General Administration** activities comprise 8.1% of the budget (\$8.2 million). The sections within this Division provide for the overall management and administration of the City, as well as enforcement of municipal laws through legal support and the courts. This division consists of City Manager, City Clerk, City Attorney, City Court, Human Resources, Risk Management, Real Estate Program and Information Technology.

**Community Development** (CD) comprises 11.5% of the operating budget (\$11.7 million). The services in this Division include Planning & Development Services, Engineering, Capital Improvements, Housing, MPO (Metropolitan Planning Organization), Community Redevelopment Services, FUTS (Flagstaff Urban Trail System), CD Administration and Flagstaff Housing Authority. The services provided by these divisions meet the current needs of the community and plan for the future.

**Management Services** comprises 3.1% of the operating budget (\$3.2 million). The division encompasses those activities that provide administrative support and services including financial services, budgeting, purchasing, customer service, grants management and sales tax.

**Fire Department** services comprise 9.8% of the operating budget (\$9.9 million). The Division's public safety programs provide both personal safety in the community with proactive attention to preventable disasters and sense of well being through timely emergency response.

**Police Department** activities comprise 17.0% of the operating budget (\$17.2 million). Public safety programs provide personal safety in the community by promoting a community free of crime and assured response in emergency situations.

**Public Works** activities are provided by seven sections that account for 17.1% of the operating budget (\$17.3 million), excluding the debt service requirements for streets (\$0.5 million) and USGS facility (\$0.7 million). The services provided include: solid waste operations and sustainability, environmental management services, cemetery operations, maintenance of all public facilities and public infrastructure including streets and parks, fleet services, and transportation services.

**Economic Vitality** activities comprise 5.2% of the operating budget (\$5.3 million) excluding debt service requirements for Airport (\$0.3 million) and Business Incubator (\$0.2 million). The division includes the following sections: Community Investment, Tourism and Visitor Center, Airport, Arts and Science, Urban Design, Streetscape, and Economic Development.

**Community Enrichment** activities comprise 7.9% of the operating budget (\$8.0 million). The division provides the following services: recreation services and operations of the City/County public library system.

**Utilities** comprises 12.1% of the operating budget (\$12.3 million), excluding \$4.2 million debt service requirements. There is one administrative section responsible for management of water, wastewater, and stormwater activities. Three sections within water operations and four sections within wastewater operations provide services that promote a clean and healthy community by providing a safe water supply and proper waste disposal. The Stormwater Utility is also included here, inclusive of the Spot Improvement Program, Drainage Program, the Rio De Flag project, and Engineering and Master Planning, .

**Non-Departmental** operations comprise 8.3% of the budget (\$8.4 million) exclusive of \$11.1 million debt service. Some sections are contractual in nature and include Contributions to Other Agencies. The Council and Commission, Transit, Special Assessment, Capital Projects and Non-departmental budgets account for expenditures that benefit City operations as a whole.

## **BUDGET FORMAT AND PROCESS**

The budget and financial plan for the City of Flagstaff is the policy document that reflects the goals and objectives of the City Council. These goals and objectives are implemented through the policies and priorities established by the Council as well as the various Boards and Commissions appointed by Council. The Office of the City Manager is then responsible for implementing these policies and priorities utilizing the allocation of financial resources. The annual review process provides the community an opportunity to evaluate the services provided to the citizens of the community. Programs are identified, evaluated, and the scope of service provided is defined. The staffing level needed to provide the service level deemed appropriate by Council is determined. Additionally, funding requirements and level of effort to be provided are established.

## **FORMAT**

The Division Detail presents each operating activity at the Section level with each Section's *Mission, Program Description, FY 2013 Accomplishments, FY 2014 New Initiatives and Goals, Performance Measures, and Financial Summary*. The performance measures look at the efficiency and/or effectiveness at the program level. For the City Manager's proposal, only the Financial Summaries are included in this document. The other items will be provided separately.

To assist the City Manager in the management of the resources expended by the municipality, the budget also serves as an operational guide. The operating budget presentation includes, for comparative purposes, the *Actual Expenditures for FY 2012*, the *Estimated Actual for FY 2013*, and the *Adopted Budget for FY 2013 and FY 2014*. Expenditures are shown by category and programs. The comparatives in the Financial Summaries Section are presented at the fund level and the division level to aid section and program managers in budget tracking and accountability.

*Categories presented are:*

- Personal Services (salaries, fringe benefits, internal labor, et al)
- Contractual (professional services, utilities, maintenance, rents, debt service, et al)
- Commodities (small equipment, parts, office supplies, operating supplies, et al)
- Capital Outlay (professional services, land, buildings, street, water and sewer construction, equipment, et al)

**Fund, Department, and Division Structure:** The City uses funds to report its financial position and the results of its operations. Fund accounting segregates funds according to their intended purpose and is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts, which includes assets, liabilities, fund equity, revenues and expenditures/expenses.

Within each Fund there may be several Divisions. Divisions also may encompass several Funds. The Division level is the legal level of budget authority.

Divisions are groups of Sections that serve a similar function with the City. In addition, within each Section are Programs, which capture all expenditures, related to an activity, cost center, or location of operation within a section.

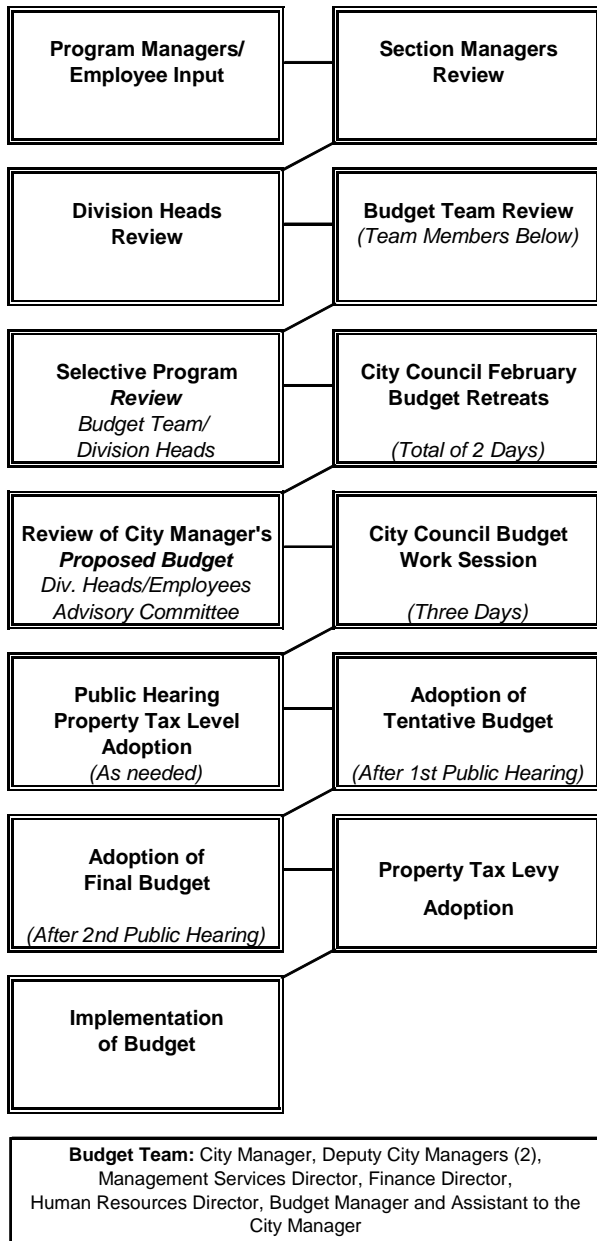

The following table represents the structure for the City.

## BUDGET PROCESS

### Budget Process Flowchart:

### Presentation:

- The *Transmittal* provides a summary of the key policy issues, priorities, and strategies that shaped the budget as framed by the City Manager.
- The *Budget Overview* summarizes financial resources and expenditures along with fund summaries and an overview of selected revenues.
- The *Financial Summaries* section includes various schedules utilizing revenue and expenditure classifications and tax levy

information in accordance with state reporting requirements as mandated by statute. Expenditures are reported at both the fund level and the Division level for operational control purposes.

- The *Division Detail* section provides both narrative and financial data. The budget commentary provides an explanation of significant budget changes for FY 2014.
- The *Capital Improvement Plan* (CIP) for FY 2014 lists projects, costs, and funding sources in the Capital Improvement (CIP) Section.
- A detailed listing of personnel and changes over the last five years is provided in the *Appendix* Section.

### BUDGET CALENDAR

November 14-15	Fall Council Retreat
December	Budget Module available to all Divisions
December 12	Mini Budget Council Retreat
January	Selective Program Review with Budget Team and Division Managers
January 4	Capital improvement and equipment requests reviewed by Capital Improvements and Purchasing
January 11 & 22, February 4th	Mini Budget Council Retreat
February 14	Winter Council Retreat
February 25 - March 11	Review with Department Heads and City Manager
April 24 - 26	Council Study Sessions Proposed Budget available to public
June 4	Tentative budget hearing and Tentative budget adoption
June 4	Truth in taxation hearing
June 5	Notify Property Tax Oversight Commission of Compliance with Truth in Taxation
June 18	Final budget hearing and Final budget adoption
July 2	Adopt Property Tax Levy

**Review and Approval:** Issues presented during the review and approval period include discussion topics of the Council Spring retreat. The winter retreat was held in February, to give city staff the opportunity to present major discussion points to Council and the public. The goal is for Council to make policy decisions and direct staff in budget priorities. This provides adequate time for the Council to gather input on major budget issues prior to preparation of the budget. The City Council holds Work Sessions in April. The Council reviews and discusses all personnel recommendations, capital equipment recommendations, and the capital improvement plan. The Council arrives at a consensus for all decisions needed. The Study Sessions provide the opportunity for City management, departments and the public to offer information and recommendations to the City Council.

The Proposed Budget is presented to Council for tentative adoption on or before the third Monday in July. Two public hearings are held on the content of the budget. Final adoption will occur on June 18 2013. State law requires the operating budget to be all-inclusive. Therefore, the budget includes provisions for contingent revenues and expenditures that cannot be accurately determined when the budget is adopted, e.g., grants. The Resolution adopting the annual budget requires Council authorization for any expenditure from contingencies, as well as transfer of budget authority between departments.

**Adoption:** The City operates under the State Expenditure Limitation with a permanent adjustment to the base. The first adjustment provided for an increase to the base limit to allow for the expenditure of funds resulting from the addition of a 2% Bed, Board, & Booze Tax. Flagstaff is not a Home Rule city. Alternative [Home Rule] Expenditure Control municipalities require voter approval every four years.

The City received voter approval in the May 2006 general election for a second adjustment to the expenditure limitation base. This permanent adjustment was effective for the FY 2007 budget year.

The Adopted Budget reflects the total funds appropriated (\$228,637,097). Certain exclusions are allowed by the state [e.g., bond proceeds, debt service, grants] in computing the Expenditure Limitation (\$133,177,482), and this total cannot be exceeded.

Budget authority can be transferred between line items within a Section. At year-end, Division budgets

are reviewed and budget authority is transferred from contingencies by Resolution as necessary. Council can also amend total appropriations for a fund during the year by Resolution as long as there is a corresponding increase/decrease in another fund so that the total appropriation is not exceeded.

## **ASSUMPTIONS AND STRATEGIES**

### **ECONOMIC OVERVIEW AND REVENUE FORECAST**

The City of Flagstaff has seen recent improvements in the economy. We have seen small improvements in FY 2013 in our local and state shared sales tax revenues. However, we remain below our highest levels recorded in FY 2008. We are not anticipating recovery to those levels for several years. Another indicator of some recovery is related to our state shared income tax revenues. Based on state information, we are expecting a 20% increase over the FY 2012 six year low. The economic analysts for our local and state region estimate there will be moderate improvements over the next few years with improved recovery beginning in two to three years.

The City collects three different sales taxes. The first is a 1% tax on all general sales, except for food. This is a general purpose tax that benefits the General Fund. The City of Flagstaff is the only city left in the State of Arizona that has a sunset clause on the general sales tax. This tax must go before the voters every ten years to be validated. Voters approved an extension of the tax in May 2010. This tax next expires in 2024.

Excluding the utilities tax category, the City realized declines in all but four months between November 2007 and August 2010, in comparison to the same month in the prior year. Since September 2010, the City has had increases in sales tax collections 22 out of 29 months when compared to the prior year, same month. Based on business activity through February 2013, tax revenue has increased approximately 5.23% compared to a year ago. However, if utilities taxable business activity is included, the number becomes an increase of 4.77%. The three major categories of local sales taxes have all seen increases. Construction is up approximately 12.24%, hospitality is up approximately 3.05%, and retail is up approximately 6.17%. Current sales tax estimates are approximately \$850,000 higher than what was recognized in FY 2012.

The second sales tax is a 0.721% sales tax on the same types of general sales; however, the tax is restricted in use to certain transportation projects. The four components of this tax include Safety Improvements, Street Improvements, 4<sup>th</sup> Street Overpass, and Transit. The transportation tax components expire in 2020. As expiration date for this tax nears, the city will reevaluate the transportation needs of the community to propose how any future transportation tax is allocated. As similar sales are taxed with this source, revenue projections follow the same trends as the general sales tax.

The third sales tax is a Bed, Board, and Beverage (BBB) tax that collects an additional 2% for hotel/motel and restaurant/bar transactions. This tax is restricted in use to certain economic, arts, beautification, recreation, or tourism activities. Tourism is a major driver in the local economy and overall sales have been increasing in FY 2013. Revenue in this category is expected to increase approximately \$298,000 over Budgeted revenues. This tax must go before the voters every fifteen years to be validated. Voters approved and extension of the tax in May 2010. This tax next expires in 2028.

State shared revenue consists of both a distribution of sales tax and income tax. These distributions are made based on a city or towns' relative share of population in comparison with all other cities and towns. Except during census years, Flagstaff's population is determined by the Arizona Department of Economic Security based on a number of factors including new homes and student enrollment.

The State has experienced a similar recovery in revenues as the City. The City estimates that FY 2013 revenues will be approximately 1.0% higher than budgeted.

Highway User Revenue (gas tax) funds are projected to end above the FY 2013 budget. For FY 2014, the City anticipates that the State will continue to redirect the revenues to fund the Department of Public Safety. These revenues are distributed based on a fairly complex Arizona Department of Transportation formula, based in part on the amount of fuel purchased in our region. As fuel prices have decreased, we anticipate Flagstaff tourism to increase as we are a popular drive destination for Las Vegas, Los Angeles, and Phoenix; however that trend is not yet evident in our monthly receipts. Property tax revenues are projected to be flat even though property tax valuation continue to decrease. This occurs as there is an approximate 18 – 24 month lag in home valuation and property tax

assessment payment, and primary property taxes are based on limited assessed valuation. The State of Arizona caps the primary property tax revenue increases at 2% on an annual basis. Council directed staff to use a flat levy on property assessments, meaning to adjust the rate based on assessed values to provide the same level of revenues. Homeowners will realize a 23% rate increase from \$0.7131 to \$0.8769 per \$100 of assessed value to comply with council direction. With declining assessed values, the average property value should see no increase in the city primary property tax.

Going into this budget season, management wanted to assess possible ways the City could reallocate resources to help with deficiencies in Infrastructure shortfalls and address employee compensation. This would mean possible reductions of service levels in one area to help sustain areas that are below acceptable service levels. At the November retreat, Council asked for further meetings to address their specific questions on various divisions. This was accomplished with four mini half-day budget retreats in December, January, and February. Divisions were given further budget direction at this time to provide scenarios of the impact of a 2.5% cut in their division. Staff also provided a list of possible allocation of expenditures between funds and new revenue opportunities and presented the options to City Council at the February retreat.

After the February retreat, Finance completed the updates to all 5-year plans to provide an outlook on revenues and expenditures. The General Fund update provided additional sources for allocation due to better than expected results in state shared income tax. The majority of these revenues offset costs related to pensions, health insurance, workers compensation, and property insurance. The Budget Team then met with each division to discuss their proposed budget and impacts of the 2.5% cuts. From the meetings the Budget team determined which revenue opportunities, fund reallocations and 2.5% cuts to move forward with in the recommended budget. This created the capacity in the budget to include a 3.2% market increase for employees, additional funding for infrastructure and some additional appropriation to help support existing service levels.

Details of the previous discussions can be found in the City Manager's transmittal letter at the front of this document.

## EXPENDITURES

The adopted budget is based on fiscal restraint consistent with conservative and sustainable revenue estimates. The base budget approach has required operational cost reviews and redistributions of all Departments.

**Efforts to Control Expenditures** – The Fleet Management Committee reviews all equipment replacement requests and prioritizes those needs. A long-range planning approach is utilized to level cash flow requirements from one year to the next. The Fleet Committee has developed a five-year plan and continues the process of reviewing the plan to identify cash flow needs and develop alternatives to better allocate future resources. Due to varying demands, the Fleet budget is flexible, allowing monies to shift within the five-year planning period.

In FY 2012, the City set up a catastrophic vehicle replacement fund. As the City's fleet ages, this fund reduces the impact of unexpected vehicle and equipment failures and large expenditures. This fund will be addressed annually for opportunities to increase this reserve.

**Fund Balance** – The carry forward of fund balances remain at a level that protects the financial integrity of the City. Moody's bond rating for the City is Aa2. The projected fund balance at the end of FY 2014 is estimated at \$9.7 million in the General Fund. A general fund balance equal to 15% of general fund revenues has been City practice. During the poor economic conditions (FY 2010 – 2012), the City reduced the policy fund balance to 12% of ongoing revenue in FY 2011. The General Fund balance is currently projected to be 21% at the end of FY 2014.

To provide better financial stability during poor economic times, the General Fund fund balance has increased to a minimum 17.5% in the current plans with plans to increase to 20% over the next few years.

The FY 2014 budget anticipates using excess fund balance from the completion of FY 2012 to fund one-time expenditures. In addition, a portion of the current fund balance represents carry forward of expenditures in equipment and capital projects.

**City Council and Management Priorities** – The budget guidelines set forth by the City Manager were formulated based on Council concerns and goals. The Vision Statement adopted reflects the environment on which all decisions will be made. The Vision Statement is as follows: The City of Flagstaff is a safe, diverse, vibrant, and innovative

community with a unique character and high quality of life. The City fosters and supports a balance of economic, environmental, educational and cultural opportunities.

The Council then developed their ten highest City priorities. They are to:

1. Repair/replace/maintain City infrastructure.
2. Fund existing and consider expanded recreational services.
3. Address Core Services Maintenance Facility.
4. Complete the Rio de Flag.
5. Retain, expand, and diversify the economic base.
6. Complete the Water Policy.
7. Review the financial viability of pensions.
8. Review all Commissions.
9. Revisit and analyze the process and implementation for the Zoning Code.
10. Develop an ongoing budget process.

The budget review process includes:

- *Estimated Actual Expenditures FY 2013.* Sections were asked to estimate expected expenditures by line item for FY 2013. Overage and underage amounts (and reasons, theretofore) were used to adjust the recommended budget for various line items in FY 2014.
- *Staffing Requests/Increases in Level of Service.* Divisions are required to provide narratives for increases in service levels and addition of staff. Generally, new staff additions are encouraged to have an independent funding source, or are needed to maintain current service levels.
- *Fleet Management.* All fleet equipment replacement requests were reviewed and prioritized by the Fleet Management Committee within financial parameters.
- *Information Systems.* Information Technology staff reviewed hardware and software needs. Funding was decreased and future needs have been reprioritized.
- *Capital Improvements.* The Capital Improvement staff reviewed all requests of capital projects or public improvements that require time charge outs from that section.
- *Operational Impacts.* All funds are continually evaluated relative to five-year financial projections. Increased service levels due to new programs or capital construction were projected to determine operating impacts in future years.

## **FUND SUMMARIES**

### **GENERAL FUND**

The General Fund includes all City operations, except enterprise activities which are to be self-sustaining, e.g., Utilities, Environmental Services, the Airport, and Stormwater; and activities funded from a special revenue source dedicated to that activity, e.g., the BBB Tax funds, the Transportation tax funds, Streets; Library; Housing and Community Services; and Metropolitan Planning Organization.

Total resources available for General Fund expenditures for FY 2014 are \$66.3 million including the estimated beginning fund balance of \$15.6 million. A substantial portion of General Fund resources comes from the following revenue categories: local sales taxes, franchise taxes, and intergovernmental revenues. Specific detail including comparative data is shown in Schedule 3 of Financial Summaries Section and a more detailed review of major revenue categories, including historical trend information, is provided following the fund summaries.

General Fund revenue/other sources compared to the year-end estimates have decreased less than 0.8%. As the economy shows signs of recovery, the revenues are remaining relatively flat or show slight increases, a dramatic positive shift from the prior three fiscal years. The fund balance decrease is due to the anticipated completion of several large capital projects.

General Fund total appropriations compared to year-end estimates have increased by 12.8%. The General Fund ongoing revenues and expenses are structurally balanced in the five-year plan. Fund Balance is estimated at 17.5% of operating revenues over the next five years.

The financial position of the General Fund remains balanced.

## **SPECIAL REVENUE FUNDS**

### **HIGHWAY USER REVENUE FUND**

The Highway User Revenue Fund (HURF) is mainly supported by transportation related taxes distributed to the Cities and Counties by the State.

HURF appropriations have been significantly affected due to decreased revenue receipts over the past four years. Budgeted revenue has decreased, from FY 2009 to FY 2014, by 26.3%. We anticipate LTAF revenues being restored by the state in FY 2014.

#### **REVENUES/OTHER RESOURCES**

HURF	\$ 5,955,798
Fund Balance	2,451,603
Transfers (net)	8,704,201
LTAF	200,000
Miscellaneous	540,000
Interest	6,000
Intergovernmental Revenues	36,000
	<u>\$ 17,893,602</u>

#### **STREET REVENUES/OTHER RESOURCES**

#### **APPROPRIATIONS**

General Administration	\$ 118,391
Community Development	533,783
Management Services	73,428
Public Works	15,675,452
Economic Vitality	24,888
Non-departmental	85,536
Reserve	100,000
	<u>\$ 16,611,478</u>

#### **STREET TOTAL APPROPRIATIONS**

Appropriations total \$16.6 million in FY 2014 and major projects budgeted includes the annual pavement maintenance program at \$3.7, Bike/Ped and Safety Improvements, West Arrowhead Improvements, and Industrial Drive and Traffic Signal Program. However, several projects have been delayed or eliminated to balance this fund.

### **TRANSPORTATION FUND**

The Transportation Fund was formed in FY 2001 as a result of voter authorization on May 16, 2000 to increase sales taxes to support four transportation issues. The tax increase is valid for twenty years. The Sales Tax revenue collected for transportation is recorded in this fund. The expenditures related to Transit and 4th Street Overpass are appropriated in this fund. Expenditures related to Safety Improvements and Street Improvements are accounted for in the HURF and Beautification funds. Appropriate transfers are made to fund the various projects that this tax supports.

Projects	Budget FY 2014 Revenues
4th Street Overpass	\$ 2,459,179
Safe-to-School, Pedestrian and Bike	1,229,589
Traffic Flow and Safety Improvements	2,858,795
Transit Service Enhancements	4,534,112
Totals	<u>\$ 11,081,675</u>

Appropriations total \$7.2 million in FY 2014. Appropriations are comprised of \$5.0 million for transit operations, and \$1.2 million for debt service. Transfers include \$7.0 million to the HURF Fund for Safety and Street Improvements and \$535,000 to fund FUTS projects in Beautification. The tax rate for transportation is 0.721%.

#### **REVENUES/OTHER RESOURCES**

Local Taxes	\$ 11,081,675
Fund Balance	4,067,267
Interest	89,000
Miscellaneous	4,500,000
	<u>\$ 19,737,942</u>

#### **TRANSPORTATION REVENUES/OTHER RESOURCES**

This fund has also experienced significant declines due to the reduction in sales tax receipts. Projects have been delayed or eliminated to balance the budget. This fund is seeing an upward swing in tax collections.

#### APPROPRIATIONS/TRANSFERS

General Administration	\$ 52,014
Management Services	215,009

Reserve	222,000
	<u>\$ 5,520,138</u>

#### LIBRARY TOTAL APPROPRIATIONS

### BBB FUNDS

A dedicated 2% Bed, Board and Booze sales tax collected on the services provided by lodging, restaurants and bars, was approved by voters in 1988 with a sunset clause in 10 years and extended by the voters for 15 years in the 1996 and again in the 2010 general election. The BBB tax approved by voters will expire in 2028. The funds were allocated into the following percentages:

Economic Development	9.5%
Beautification	20.0%
Tourism	30.0%
Recreation	33.0%
Arts & Science	7.5%

Revenue for FY 2014 is projected with 1.5% growth over 2013 year end estimates and FY 2013 estimated receipts are 2.7% over budget. Activities funded with the revenues have made operating adjustments necessary to reflect a balanced budget to the increased sales tax receipts and these changes will be reflected within each five-year plan.

**Beautification Fund:** Total resources available for Beautification Fund activities amount to \$6.7 million including carryovers and approved grants. Expenditures from this fund are primarily for Beautification Operations and Capital Improvements in both Streetscape and FUTS projects. Some major projects include the 4<sup>th</sup> Street Corridor Improvements, Butler Avenue-North Edge, Country Club FUTS Trail and Walnut-florence Underpass. (A full project listing is located in the CIP Section.)

**ARTS & SCIENCE  
REVENUES/OTHER RESOURCES**

**Recreation Fund:** There is one appropriation in the amount of \$1.1 million in FY 2014 for Recreation Fund activities. Per discussion with City Council in the Spring 1996 retreat, Council concluded this funding should support the expansion of existing facilities and the associated maintenance. Over the past four years, the city council has reexamined the use of these funds and now directs \$550,000 to fund recreational programming and \$1.4 million to fund Parks-FUTS Maintenance and Parks-BBB Recreation Fields operation. These are funded via a transfer to the General Fund.

**REVENUES/OTHER RESOURCES**

**RECREATION  
REVENUES/OTHER RESOURCES**

**Economic Development Fund:** This fund continues to focus on business retention and attraction as well as workforce development. In addition, the City funds the business incubation program and the new Innovation Mesa program, structured to allow university professors and local entrepreneurs to work in a supportive environment to develop ideas into commercial business models.

The City will continue to seek targeted industries to relocate to the community. Those industries will be complementary to existing businesses or will be supportive of community goals. Total resources allocated to this effort are \$1.5 million, of which \$320,000 is Intergovernmental Revenue, with all monies from the BBB dedicated tax for economic development including a general fund contribution of \$261,000 to support the business incubator operations and debt service.

## OTHER FUNDS

**Metropolitan Planning Organization Fund:** This fund was established to account for funding derived from the area's status as a designated Metropolitan Planning Organization (MPO). The MPO receives Federal funding administered through the Arizona Department of Transportation (ADOT).

The City has appropriated \$512,571 for this program for FY 2014. This includes operating funds for transportation and transit planning. Transit operating funds are not included in this budget since that service is contracted through NAIPTA and funded with Transportation Tax.

**Housing and Community Services Fund:** This fund finances activities in conjunction with the CDBG program and affordable housing activities. There is \$1.3 million appropriated to this activity for FY 2014. Expenditures in this fund include \$630,000 in State Housing grants and \$532,500 in CDBG grant activities.

#### REVENUES/OTHER RESOURCES

#### REAL ESTATE PROCEEDS REVENUES/OTHER RESOURCES

## ENTERPRISE FUNDS

### UTILITIES FUND

The City's water and wastewater operations are operated as an Enterprise Fund activity, i.e., self-sustaining operations with user fees and charges based on a "cost-of-service" methodology. The rate model determines the minimum revenue requirements needed to support operations including: all operating and maintenance costs; capital improvements considered routine in nature; principal and interest payments on bonded debt related to utility construction; and maintaining a year-end fund balance sufficient to ensure adequate working capital. Total appropriations for the Utilities Fund are \$25.8 million.

The City contracted for a rate model update in FY 2010 which identified a need to increase water and wastewater rates. This was presented to Council in the fall of 2010 and approved for rate increases beginning January 1, 2011. There are annual increases for the next 5 years.

#### REVENUES/OTHER RESOURCES

Water Revenues	\$ 14,367,887
Sewer Revenues	8,945,972
Capacity Revenues	1,520,685

Intergovernmental Revenue	252,000
Interest	95,950
Miscellaneous	91,000
	<u>\$ 34,608,078</u>

#### UTILITIES REVENUES/OTHER RESOURCES

**Water Operations:** Total appropriations relating to direct costs for the water operations are \$13.5 million. Water fees are the major source of revenue supporting water operations. Bond funds support well development and future water rights. Revenue estimates total \$14.4 million for water sales.

**Wastewater Operations:** Total appropriations relating to the direct costs for the wastewater operations are \$8.5 million. Wastewater (sewer) fees are the major source of revenue supporting wastewater operations. Revenue estimates total \$8.9 million in wastewater service charges.

Wastewater Utilities	8,485,153
Contingency	1,800,000
	<u>\$ 25,751,160</u>

#### UTILITIES TOTAL APPROPRIATIONS

## ENVIRONMENTAL SERVICES FUND

Total financial resources are \$15.4 million. User fees are the major revenue source of solid waste disposal operations. The user fees are comprised of eight major customer services areas (residential sanitation, curbside recycling, commercial sanitation, hoist and haul, landfill dumping, inert materials pit, and commercial recycling) with different rates for each category based on cost of service.

User fees are the major revenue source of sustainability and environmental management operations. The user fee is the environmental fee that is based on the cost of service.

The existing landfill rate structure provides cost recovery for ongoing operations as well as provisions for funding replacement equipment; closure and regulatory compliance costs related to mitigation of environmental contamination and/or degradation; as well as for future site requirements. Based on current estimates for closure and post-closure landfill costs, the City is setting aside legally restricted funds to ensure sufficient funds will be available to meet these requirements.

### ENVIRONMENTAL SERVICES TOTAL APPROPRIATIONS

## AIRPORT FUND

Pulliam Airport is located four miles south of downtown Flagstaff and is staffed seventeen hours per day, seven days each week and provides airline service to Phoenix. Total appropriations are \$10.3 million: \$2.3 million for operations which includes \$0.8 million for a new airline service development grant, \$0.3 million for debt and \$7.2 million in capital outlay. Primarily FAA and ADOT grants will fund the capital improvements.

This year, of the \$7.2 million in capital improvements, 96% of the budgeted expenses are being funded with grants from the FAA and ADOT.

	<u>\$ 10,301,230</u>

### AIRPORT TOTAL APPROPRIATIONS

## STORMWATER FUND

The Stormwater fund was initiated as a response to enhanced NPDES stormwater requirements affecting all communities with populations greater than 50,000 as of March 2003. The City of Flagstaff worked with consultants to design a program that met current minimum NPDES standards. Stormwater fees to both residential and commercial customers are stepped based on every 1,500 sq. ft. of impervious area (ERU). A rate increase was approved in FY 2010 to \$1.30 per Equivalent Rate Unit (ERU). June 1, 2010 was the last scheduled increase.

Total revenues/other resources of \$4.3 million include a transfer of \$2.6 million from the general fund for the Rio de Flag project.

### REVENUES/OTHER RESOURCES

Stormwater Revenues	\$ 1,441,171
Fees & Charges	30,000

	\$	<u>4,068,569</u>

Total appropriations of \$4 million include the operational components of NPDES implementation, general drainage maintenance, and the Rio de Flag flood control including related parking.

**FLAGSTAFF HOUSING AUTHORITY**

The Housing Authority (FHA) owns and operates 265 units of low income public housing, manages 80 units of low income housing and administers 358 Section 8 Housing Choice Vouchers, which includes 4 homeless Vouchers and 25 VASH Vouchers. FHA also administers 12 housing vouchers for seriously mentally ill persons. Total financial resources are \$7.6 million. Intergovernmental Revenue from the US Department of Housing and Urban Development comprises 72.8% of funding, or \$5.5 million. Rental Income represents rent charges based on resident family income per Federal regulations. Miscellaneous income is primarily pass through and administrative fee income for Housing Choice Vouchers which the Housing Authority administers locally for other housing agencies. These portable Vouchers are under HUD contract with other housing agencies, and FHA administers the Vouchers locally, for which FHA earns an administrative fee.

REVENUES/OTHER RESOURCES**

## **FIVE-YEAR PROJECTIONS BY FUND**

The City updates five-year plans annually during the budget process. These plans are an important tool to continue our emphasis on strategic planning and to identify the capacity of the City to fund projected expenditures. Revenue and resource estimates are based on the latest available economic and demographic trend information. All significant revenue and expenditure issues have been incorporated into the projections including local and state revenue trends, compensation, and the operational impact of capital projects. The projections are not intended to be an exact prediction of what each department will spend in the next five years.

The policy of the City is to match ongoing expenditures with ongoing revenues. This policy is to assure that the funds have adequate revenues to support the continued operations. Several funds will use one-time revenues and fund balance to pay for capital equipment, capital improvements, and other types of one-time expenditures. Generally when you see major fluctuation in fund balance from beginning to ending, the change is related to carryover for capital projects and/or budgeting of such items. Funds such as the General, Highway User, Transportation, Beautification, BBB-Recreation, Real Estate Proceeds, Housing and Community Services, Capital Projects Bond Funds rely heavily on these one-time expenditure commitments.

The preparation of the five-year plan is a cooperative effort between division heads, section heads, and Finance staff to assure projections are based in current program needs and revenue estimates are achievable.

The five-year projections are located in the Financial Summary Section. The following narratives present the highlight of the forecasts by funds and estimated change in fund balance for the coming fiscal year:

### **GENERAL**

The primary purpose of the General Fund five-year projections is to assure that ongoing revenues are meeting or exceeding ongoing expenditures. Ongoing expenditures include normal operating expenditures, debt service, fleet replacements, information system replacement and upgrades, an allocation for capital, and projected changes in personnel. As financial conditions change in the City, the five-year projections are continually updated to balance the ongoing sources and uses of funds.

The General Fund fund balance is projected to decrease by 45% as the City is currently funding several projects with fund balance and non-recurring revenues. Such projects include Rio de Flag flood control and Court Facility. A portion of one-time items tend to be the result of Carryover requests from the previous year. The General Fund will still maintain a minimum 17.5% fund balance

### **LIBRARY**

The forecast for Library shows the ability to fund ongoing operations costs with funding from the City, through revenue transfers, and the County, through Library District Taxes. The Library fund balance decreases by 14% due to planned expenditures at both the branch and the affiliate libraries.

### **HIGHWAY USER**

This fund is devoted to the maintenance, improvement, and construction of street related items. The fund first matches ongoing revenues with ongoing maintenance and then plans out the capital equipment and improvements. Several capital improvements include portions that are funded through revenue transfers from other funds. The five-year plan shows the ability to balance ongoing and one-time expenditures while maintaining an adequate fund balance. The HURF fund balance decreases by 48% due to planned expenditures for the completion of various capital projects.

### **TRANSPORTATION**

The Transportation Fund is used to track revenues and expenditures related to a dedicated sales tax approved by voters. The ongoing funding of the transit system is operated by the NAIPTA. Other projects are funded through revenue transfers to the fund where the projects are budgeted. In 2008, voters approved a rate increase for transit services for a new rate of 0.721%. The fund balance increase of 23% is due to timing of capital projects.

### **BEAUTIFICATION**

The primary sources for this fund include BBB taxes, grants, and revenue transfers. This fund primarily accounts for capital projects related to FUTS and Streetscapes. It is an ongoing effort to balance the amount of projects within the availability of revenues. This five-year plan shows how it is accomplished. The Beautification fund balance decreases by 81% due to planned expenditures for the completion of various capital projects.

## **ECONOMIC DEVELOPMENT**

This fund is balanced with ongoing revenues from BBB taxes and General Fund transfers. Ongoing expenditures support a number of efforts focused on business attraction, retention, work force development, and the business incubator. The Economic Development Fund Balance decreases by 11% in FY 2014 due to use of excess fund balance to cover planned one-time expenditures.

## **TOURISM**

This fund is balanced with ongoing revenues from BBB taxes and ongoing expenditures related to tourism promotion and visitor center services. Based on projected revenue, this fund can maintain existing operations levels. The Tourism fund balance decreases in FY 2014 by 27% due to use of excess fund balance to cover planned one-time expenditures.

## **ARTS AND SCIENCE**

This fund is balanced with ongoing revenues from BBB taxes and ongoing expenditures related to contributions to agencies for projects related to awareness of arts and science in our community. Planned public art projects in FY 2014 result in Arts and Science fund balance decreases of 48%.

## **RECREATION-BBB**

This fund is used for capital improvements to City and school recreational parks and fields. In addition, maintenance costs related to the improved parks and fields, maintenance of FUTS trails, and recreation programming are funded with ongoing revenues. The Recreation – BBB fund balance increases by 1% as the fund continues to accumulate reserves for new capital projects.

## **REAL ESTATE PROCEEDS**

This fund is used for one-time revenues and expenditures related to sale and acquisition of property. As the City sells additional properties, those funds will be restricted for a similar purchase of land as intended with the original land acquisition. The Real Estate Proceed fund balance increases by 1% due to anticipated interest earnings.

## **HOUSING AND COMMUNITY SERVICES**

This fund is primarily used to track revenues and expenditures related to Community Development Block Grants and other housing grants. The block grants are an entitlement to the City and are expected to stay level over the next 5 years. The City currently expects to receive State housing grants every year. The Housing and Community Services fund balance increases by 189% due to projected sales of Izabel homes.

## **METROPOLITAN PLANNING ORGANIZATION**

This fund is solely used for transportation planning grants. It is currently estimated that grant revenues will remain consistent throughout the next five years. Some work is performed for internal customers and allocated through charge-outs.

## **GENERAL OBLIGATION BOND**

This fund is used to track the debt service payments on General Obligation Bonds. This five-year plan shows the City is meeting the requirements for future debt service payments.

## **SECONDARY PROPERTY TAX**

This fund is used for tracking of secondary property tax revenue and the subsequent transfer to other funds to make debt service requirements. The five-year projection uses the current assessed valuation figures from the county to estimate property taxes that will be available for debt service expenditures. The projection assumes additional voter authorization will be issued in the future within the existing tax rate. This allows the City to smooth long-term secondary property tax rates so a level tax rate is maintained from year to year. The Secondary Property tax fund balance decreases by 31% as we plan to use fund balance to pay off debt.

## **SPECIAL ASSESSMENT BOND**

This fund is set up for repayment of bonds issued for special assessment districts. The Special Assessment Bond fund balance remains flat in FY 2014.

## **PERPETUAL CARE**

This fund is currently used for the tracking of contributions related to long-term maintenance at the City owned cemetery. The fund balance increases as contributions are received. Expenditures will not be budgeted until there is adequate fund balance.

## **CAPITAL PROJECTS BOND**

This fund is used to track the revenues and expenditures of the voter approved bond eligible projects. In May of 2004, the voters of Flagstaff approved ten projects with 3 project still to be completed. In November 2010, the citizens of the City of Flagstaff approved two projects and in November of 2012, two additional projects were approved by the voters. Projects/bond sales are scheduled to coincide with the retirement of other debt so the overall secondary property tax rate does not increase. This fund currently has two components:

1. The Municipal Facilities Corp fund balance decreased due to the timing of bond proceeds and capital expenditures.
2. The GO Bond Funded Projects fund balance decreases by 95% due to the timing of capital projects.

## **WATER AND WASTEWATER**

As a City enterprise fund, this fund is managed on a self-sustaining basis. The five-year projections show that ongoing expenditures, capital improvements, and debt service requirements are being met with user fees, fund balance, grants, bonds, and interest earnings. In addition to the five-year projections, the City uses a rate model to balance future operations and capital requirements with anticipated revenues over a ten-year period. The Water and Wastewater fund balance decreases by 7% due to the planned completion of capital projects.

## **AIRPORT**

This fund is responsible for the operations at Flagstaff Pulliam Airport. The majority of future revenues are grants related to continued expansion and capital improvements at the airport. The capital improvement plan is based on annual updates to ADOT and FAA. The City General Fund currently makes a transfer to the Airport Fund to cover the match portion of capital grants awarded. The Airport fund balance remains flat in FY 2014.

## **ENVIRONMENTAL SERVICES**

This enterprise fund is self-sustaining through user fees. The five-year projection anticipates a rate escalator of five percent per year over the next year. This coincides with on-going operations; capital needs, and revised service levels for all operations. Included in the five-year projection is the anticipated funding to cover the landfill closure and post-closure costs at the end of the useful life of the landfill, and related increase of user fees that will coincide with the construction of a new cell. The Environmental Services anticipates a 7% decrease in fund balance in FY 2014 due to one-time and capital projects expenditures.

## **STORMWATER**

This enterprise fund oversees City issues related to drainage and associated federal requirements. Ongoing operating expenditures are paid for with Stormwater revenues and user fees. The last rate increase was in FY 2011. The rate increase was to self-fund capital improvements and increase inspection efforts as required by NPDES. No rate increases are included in the 5-year revenue projections. The Stormwater fund balance decreases 62% due to the timing of capital projects and planned one-time expenditures.

## **FLAGSTAFF HOUSING AUTHORITY**

While the Flagstaff Housing Authority (FHA) has operated for a number of years, it was recently determined that it should be reported as a distinct City fund. The FHA manages Housing & Urban Development (HUD) Section 8 and other voucher programs for City residents. The five year plan indicates the majority of funding is grant related and as such, the fund only generally experiences minor fluctuations in fund balance.

## REVENUES

Historical Trend Information for Select Revenues

### ALL FUNDS

#### FEDERAL AND STATE GRANTS

Description: The City applies to Federal and/or State Agencies for various operating and capital grants. These grants have numerous requirements and restrictions that must be adhered to. Most grants are awarded in a competitive application process and others are entitlement based.

Grants can vary significantly from year to year because of the nature and availability of grants. Capital grants tend to be one-time grants. Operating grants may cover multiple years or may be applied for year after year if funding is available.

FY 2008 included several large capital grants to extend the airport runway. FY 2011 was the first year the Flagstaff Housing Authority was included as part of City's budget and they are largely grant funded. Several projects funded in FY2014 by federal & state grants include the Business Accelerator, Observatory Mesa, Westplex Taxilane Reconstruction and airport purchase of a fire rescue truck. In addition, we have several large ongoing federal grants for Community Development Block Grant, Section 8 and Low Income Public Housing. (See Schedule C-1 for additional details).

#### FEDERAL & STATE GRANTS

FY:	AMOUNT	% CHANGE
07-08	\$ 15,203,531	18.8%
08-09	5,403,668	-64.5%
09-10	5,914,243	9.4%
10-11	10,553,499	78.4%
11-12	14,209,064	34.6%
12-13	16,395,336	15.4%
13-14	31,581,736	92.6%

#### FEDERAL & STATE GRANTS

## GENERAL FUND

### PROPERTY TAX RECEIPTS CURRENT, PRIMARY

Legal Authority: Arizona Revised Statutes Section 42-45 (B) based on the State Constitution Article 9, Section 18. Revised through HB2876, June 2006.

Description: The property tax is levied each year on or before the third Monday in August based on full cash value of the assessed property as determined by the Coconino County Assessors' Office.

Receipts from primary property taxes levied by the City are deposited in the General Fund. No restrictions on usage apply to the primary property tax. State statute limits the annual increase in levy to 2% plus the amount generated by construction. For FY 2013 Council voted to keep the levy flat plus new construction. For FY 2014 we are continuing with flat levy plus new construction. The City's capacity for levy increase is 4%.

Primary property taxes generally change on an annual basis for two reasons: new construction that is added to the tax rolls and the reassessment of existing property. New construction added over \$11.2 million dollars to the assessed valuation. For FY 2014 existing Primary Property Tax values dropped by 13.9%.

#### PRIMARY PROPERTY TAX

FY:	AMOUNT	% CHANGE
07-08	\$ 4,573,669	5.1%
08-09	4,786,900	4.7%
09-10	5,020,255	4.9%
10-11	5,113,647	1.9%
11-12	5,230,618	2.3%
12-13	5,250,000	0.4%
13-14	5,355,000	2.0%

#### PRIMARY PROPERTY TAX

## CITY SALES TAX (TRANSACTION PRIVILEGE TAX)

Legal Authority: City Code, Title 3, Chapter 5, (Ordinance 1491)

Tax currently sunsets November 2024.

Description: The single largest revenue source for the City is obtained from a 1% tax on the sales of goods. The sale of food for home consumption is exempted from the tax. Additional sales taxes levies include a 2% tax on hotels, motels, restaurants and bars (BBB Tax) and a 0.721% transportation tax.

These numbers are sales tax revenues only; audit assessments and penalty and interest revenues are combined with these numbers on Schedule 3. The decrease in revenues for FY 2009 and FY 2010 was driven by decreases in construction, tourism, and retail sales. The large increase in FY 2012 is driven through the approval of a revised franchise agreement that now allows for the collection of both a franchise tax and sales tax.

### CITY SALES TAX

FY:	AMOUNT	% CHANGE
07-08	\$ 15,721,269	4.0%
08-09	14,044,577	-10.7%
09-10	13,348,773	-5.0%
10-11	13,525,825	1.3%
11-12	14,304,655	5.8%
12-13	15,232,500	6.5%
13-14	15,369,868	0.9%

### CITY SALES TAX REVENUES

## STATE SALES TAX

Legal Authority: Arizona Revised Statutes Section 42 - 1341 (D)

Description: A half-cent (.5%) portion of the five-cent (5%) State Sales Tax collected is divided among the State's cities and towns based on population. These revenues can be used for any municipal purpose and, therefore, are deposited in the General Fund to support activities and services provided by the general government.

The sales tax revenues estimated for FY 2008, 2009 and 2010 reflect the economic downturn at the state level due to the declines in residential construction, retail, auto sales, and tourism. While recovery began in FY 2011, the city is choosing to continue to budget conservatively compared to the State of Arizona. Increases in FY 2012, and on, are due to an economic recovery and the shift in Arizona state population. The City of Flagstaff is now 1.31% of the state population, up from 1.25%, which directed additional funds to the City from state shared resources.

### STATE SALES TAX

FY:	AMOUNT	% CHANGE
07-08	\$ 5,623,144	-3.3%
08-09	4,868,072	-13.4%
09-10	4,490,087	-7.8%
10-11	4,711,821	4.9%
11-12	5,147,101	9.2%
12-13	5,325,000	3.5%
13-14	5,418,188	1.8%

### STATE SALES TAX

## STATE INCOME TAX (REVENUE SHARING)

Legal Authority: Arizona Revised Statutes Section 43 - 244 (B)

Description: Arizona cities share in 15.8% of the State income tax collected based on the population of the cities and towns as reported in the 2010 Census and adjusted by the annual DES POPTAC estimates. A two-year lag exists between the year of distribution and collection and the reporting year for which the income tax returns are filed. Therefore, little variance is expected between amounts estimated in the budget and actual receipts. Because revenues can be used for any municipal purpose, funds received are deposited in the General Fund to support the services and activities of the general government.

FY 2010 experienced a large decrease as the State received less revenue from income tax than previously estimated. All cities have received a proportionate decrease. The large decrease in FY 2011 is driven by a reduction in the income tax rate coupled with decreased corporate and personal income tax revenue. The decrease in FY 2012 is driven by continued decline in revenues associated with the recession. This decline for the City was somewhat mitigated in that the City of Flagstaff gained relative population share as a result of the 2010 Census. The City's population share within the State of Arizona grew from 1.25% to 1.31% which increases the local allocation of this revenue. The large increase in FY 2013 is due to the City's increased population share and economic recovery.

### STATE INCOME TAX

FY:	AMOUNT	% CHANGE
07-08	\$ 8,610,567	24.0%
08-09	9,149,290	6.3%
09-10	7,899,626	-13.7%
10-11	5,955,305	-24.6%
11-12	5,559,477	-6.6%
12-13	6,728,484	21.0%
13-14	7,300,000	8.5%

### STATE INCOME TAX

## FRANCHISE TAX

Legal Authority: Flagstaff Charter and City Code Article XII

Arizona Public Service (APS): Resolution 2009-52 (expires 8-21-2036), UniSource Energy Services: Ordinance 1879 (expires 10-3-2020), US West, MCI, US Sprint, Central Corp, and A T & T: Ordinance 585. NPG: Resolution 2006-72 (expires 12-31-2016).

Description: A 2% tax from utility companies-- Arizona Public Service and UniSource -- is credited to this account. The City also receives a 2% tax from telecommunication companies, except Suddenlink Communications which is taxed at 5%.

Franchise tax declined in FY 2010 as one entity mis-reported their revenues and a prior period credit was processed. FY 2011 represents normalized revenues. There is a slight increase anticipated for FY 2012 and beyond as the new APS franchise agreement allows for the inclusion of industrial customers.

### FRANCHISE

FY:	AMOUNT	% CHANGE
07-08	\$ 2,243,051	12.1%
08-09	2,479,028	10.5%
09-10	2,132,644	-14.0%
10-11	2,338,951	9.7%
11-12	2,347,952	0.4%
12-13	2,305,000	-1.8%
13-14	2,345,338	1.8%

### FRANCHISE TAX

## FINES & FORFEITURES

Legal Authority: Arizona Revised Statutes, Rules of Criminal Procedure  
City Code, Title 1, Chapter 15, Section 8

Description: Revenues are derived from a multitude of fines and forfeitures that relate to fines ordered by the court magistrates and administrative charges for Traffic School. Other miscellaneous fees allowed include court reimbursements and court collection fees.

Revenues vary on an annual basis dependent upon the mix of criminal and civil cases handled by the court system in any particular year. The allocation of the fines is prescribed by the Superior Court, usually annually, and/or the Flagstaff Municipal Court (dependent upon the type of case). There has been a shift of certain cases from the County to the Municipal Court, thereby affecting the comparability from year to year.

### FINES & FORFEITURES

FY:	AMOUNT	% CHANGE
07-08	\$ 1,240,222	5.0%
08-09	1,360,441	9.7%
09-10	1,315,772	-3.3%
10-11	1,517,937	15.4%
11-12	1,182,413	-22.1%
12-13	1,110,478	-6.1%
13-14	1,115,151	0.4%

## AUTO IN LIEU TAX

Legal Authority: Arizona Revised Statutes Section 28 - 1591 (c)

Description: Twenty-five (25) percent of the net receipts from vehicle licensing collected by the State is returned to the cities and towns of licensing origin. The distribution is based on population in proportion to total population in incorporated areas. This revenue source can be used for any municipal purpose; therefore, revenues are deposited in the General Fund to support services and activities of the general government.

Auto in Lieu tax is received on a declining scale over a 5-year period based on the automobile value until it stabilizes at the depreciated amount. As fewer new vehicles have entered the grid, overall revenue decreased. Even with the opening of the Auto Mall and a local sales tax rebate for energy efficient cars, revenues continued to decline through FY 2011. The revenue is expected to increase as auto sales grow during the economic recovery.

### AUTO IN LIEU TAX

FY:	AMOUNT	% CHANGE
07-08	\$ 2,758,307	-1.2%
08-09	2,611,289	-5.3%
09-10	2,490,360	-4.6%
10-11	2,481,126	-0.4%
11-12	2,483,244	0.1%
12-13	2,500,000	0.7%
13-14	2,543,750	1.8%

## SPECIAL REVENUE FUNDS

### BBB FUNDS

#### **BED, BOARD & BOOZE TAX**

Legal Authority: Ordinance 1902, Reauthorized by voters May 2010, extended by vote to March 31, 2028.

Description: An additional city sales tax of 2% is charged on the services of hotels, restaurants and bars. The City has designated all of these revenues for the purposes of enhancing beautification, tourism, economic development, recreation, and arts & sciences.

FY 2014 is continuing to show an increase in projected revenue, demonstrating the strength of tourism in Northern Arizona.

## HIGHWAY USER REVENUE FUND

### HIGHWAY USER TAX

Legal Authority: Arizona Revised Statutes Section 28 - 1598 (B.4), (For method of distribution see ARS 28-1598 (D.3))

Description: The proceeds from the State-shared motor vehicle fuel tax (currently 16 cents per gallon, of which cities and towns share in 13 cents per gallon) are distributed by the State to cities and towns by a compromise formula. Fifty percent of the distribution is based on point of origin for the sale of gasoline. The remaining fifty percent is based on population in proportion to total population for incorporated towns and cities.

The large decrease in FY 2009 is due to State appropriation for Department of Public Safety Services (DPS) and decreased sales due to record gas prices and again in FY 2012, due to State Appropriation for the DMV (Department of Motor Vehicles).

The City experienced a 6.3% increase in HURF revenues in FY 2013 due to the State eliminating the revenue sweep for the DMV. The City expects a very small increase in HURF revenue in FY 2013.

## TRANSPORTATION TAX

Legal Authority: Resolution 2004-48, approved by voters May 2000.

Description: The Transportation tax was approved by voters to address four transportation issues. This tax was approved for a period of twenty years. The tax helps pay for a 4<sup>th</sup> Street overpass, safety improvements, street improvements, and transit services. The transportation tax is assessed on the same goods and services as the City's general sales tax. The current tax rate is 0.721%.

### Transportation Tax Rate Breakdown

4th Street Overpass	0.160%
Street Improvements	0.186%
Safety Improvements	0.080%
Transit Services	0.295%
<b>Total</b>	<b>0.721%</b>

A small increase is anticipated in overall Transportation tax revenue due to slow and steady growth in the local economy.

### TRANSPORTATION TAX

FY:	AMOUNT	% CHANGE
07-08	\$ 9,623,142	4.5%
08-09	10,020,213	4.1%
09-10	9,526,056	-4.9%
10-11	9,851,253	3.4%
11-12	10,399,189	5.6%
12-13	10,928,632	5.1%
13-14	11,081,675	1.4%

## ENTERPRISE FUNDS

### WATER SALES

Legal Authority: City Code, Title 7, Chapter 3, Section 11

Description: The principal revenue for operating and managing the City's water system is derived from rates and charges for water services. Monthly water bills consist of 1) a base charge based on meter size and 2) a charged based on actual water consumption by customer class. Most single family accounts are based on an inverted rate structure for consumption levels to encourage water conservation practices. All other customer accounts are charged based on a flat rate per 1,000 gallons.

The rates for each customer class were reviewed in 2010 using an outside consultant. Rate changes were approved by Council with an effective date of January 1, 2011. The rates will increase annually for the next five years. Revenues in FY 2009 decreased due to a wet summer season. The next rate study is planned for FY 2014.

### WATER

FY:	AMOUNT	% CHANGE
07-08	\$ 10,360,082	5.5%
08-09	9,910,726	-4.3%
09-10	10,000,060	0.9%
10-11	10,881,744	8.8%
11-12	11,735,459	7.8%
12-13	13,000,000	10.8%
13-14	14,021,280	7.9%

## WASTEWATER SERVICE CHARGES

Legal Authority: City Code, Title 7, Chapter 2, Section 39

Description: The principal revenue for operating and managing the City's wastewater system is derived from revenues generated from wastewater (sewer) rates and user charges. Most residential customer charges are based on average water consumption for the proceeding winter months (Dec-Mar). All other customers are billed based on actual monthly metered water usage unless they can measurably separate which quantity of water does not reach the wastewater system.

The rates for each customer class were reviewed in 2010 using an outside consultant. Rate changes were approved by Council with an effective date of January 1, 2011. The rate will increase annually for the next five years. In the summer of 2012, staff identified an error in the rate model. Sewer consumption was set too high. This issue combined with the new rate structure resulted in decreased expected revenue in FY 2011. Staff decided not to go back to Council for a rate increase but decided to adjust operations and capital until a new rate study is completed. The next rate study is planned for FY 2014.

### WASTEWATER

FY:	AMOUNT	% CHANGE
07-08	\$ 6,266,404	6.5%
08-09	6,230,404	-0.6%
09-10	6,244,381	0.2%
10-11	5,945,908	-4.8%
11-12	6,799,892	14.4%
12-13	7,600,000	11.8%
13-14	7,852,320	3.3%

### WASTEWATER (SEWER) CHARGES

## ENVIRONMENTAL SERVICES

Legal Authority: City Code, Title 7, Chapter 4, Sections 8-9

Description: Environmental Services disposal service revenue is comprised of solid waste collection charges, hoist and haul fees, landfill dumping charges, inert materials landfill fees, environmental service fees, and residential and commercial recycling. Service charges for residential and commercial customers are based on size of container and frequency of pickup. Hoist and haul is based on a cost per pull plus tonnage. Receipts from fees charged for dumping at the City Landfill are based on tonnage. The environmental service fee is a fixed monthly charge.

The increase in revenues for FY 2014 is related to growth.

### ENVIRONMENTAL SERVICES

FY:	AMOUNT	% CHANGE
07-08	\$ 10,507,477	7.1%
08-09	11,133,973	6.0%
09-10	10,932,880	-1.8%
10-11	11,652,582	6.6%
11-12	12,003,304	3.0%
12-13	11,908,180	-0.8%
13-14	12,483,810	4.8%

### ENVIRONMENTAL SERVICES REVENUES

## AIRPORT

Legal Authority: City Code, Title 8, Chapter 6, Sections 1-8

Description: Airport revenue is derived from the rental of airplane hangars, tiedowns, tiedowns with electricity, and shades rented to various individuals and vendors. Landing fees are charged at a rate of \$1.05/1,000 pounds based on gross certificate landing weight of aircraft. Rental revenue from terminal rent consists of space, concession and advertising fees. Revenues are collected from the sale and storage of aviation fuel. A \$4.50 PFC charge now collected from the ticket sales of passengers embarking from Pulliam (up from \$3.00 per ticket, effective September 2012). PFC revenue is not used for operating expenditures.

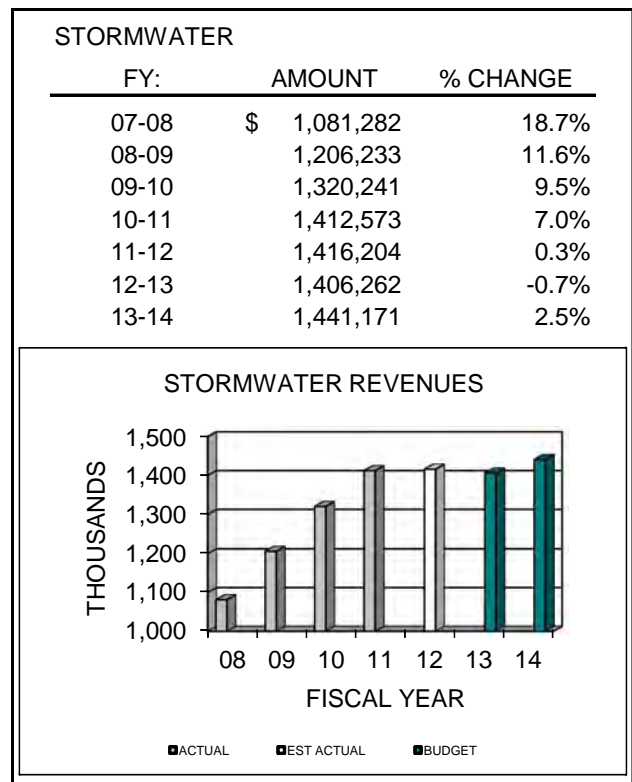

The revenue has trended upward over the past five years, with the exception of FY 2009 and FY 2011. FY 2014 revenue is expected to demonstrate a modest increase over FY 2013. Air travel is showing steady growth after the multi-year recession. Aiding in future revenue growth is a grant which will encourage an airline to establish regular daily service with the Pulliam Airport.

## STORMWATER

Legal Authority: City Code, Title 12, Chapter 2, Section 3

Description: Stormwater revenue is determined by the number of Equivalent Runoff Units (ERU's) on a property. An ERU is defined as 1500 square feet of impervious matter. Charges are the same for both commercial and residential customers.

The first year of implementation was FY 2004 with a rate of \$.53 per ERU. It was then adjusted in FY 2007 to \$0.92 per ERU. It covered additional staff, additional costs related to the mandated NPDES permit activities, and a proposed Drainage Spot Improvement Program. In FY 2011 the rate was increased to its current level of \$1.30 per ERU. This rate will remain static for the foreseeable future.

## HOUSING AUTHORITY

Legal Authority: U.S. Housing Act of 1937, as amended, and Title 24 Code of Federal Regulations

Description: Housing Authority (FHA) rents and tenant income represent rent and other charges paid by families/individuals living in public housing. Rent is generally based on approximately 30% of family income, and is not a fixed amount as it is for non-subsidized housing. Other charges are primarily for maintenance and repairs. It is important to note that as rental income increases, Federal subsidy that supports the operation of public housing decreases. HUD funds operations based on a formula for reasonable expenditures; so if rental income increases, HUD Operating Subsidy decreases.

The revenue increases in 2008 through 2010 were the result of significant increases in the "flat rent". Residents may choose between flat rent and rent that is income based. FHA began implementing higher flat rents in this time frame, which resulted in more families paying higher rents. The projected decrease in income for FY 2013 is due to falling incomes for the families/individuals served.

## CAPITAL BUDGET

### RELATIONSHIP BETWEEN OPERATING AND CAPITAL BUDGET

The Five-Year Capital Improvement Plan (multi-year, long-range study of construction and/or acquisition of high cost items with an extended useful life) is prepared separately from the Annual Budget and Financial Plan (focus on municipal service delivery programs which generally are of an on-going nature); however, the two processes are inter-related.

The operations and maintenance of major capital facilities and infrastructure can significantly impact the operating budget and, must be considered prior to approval and commencement of acquisition of a particular capital asset. In the capital improvement plan for the City, various components have greater impact on the operating budget than other elements and, may even override operating budget constraints, e.g., mandatory environmental regulatory compliance.

Upon completion of the latest rate model, the Water and Wastewater Enterprise Fund's revenue structure is sufficient to meet existing and future impacts of capital, operating requirements including environmental sanctions and debt. Proposed, as well as existing, debt service is included because the changes in debt service requirements must be built into the rate models in determining what, if any, rate increases are required each year.

The Highway User Revenue Fund designates a portion of State distributions to the pavement maintenance program. The program is important in order to keep roadways in good condition and not allow significant deterioration. An additional component of the maintenance program is funding for ADA compliance for curb cuts, curb returns, and deteriorating sidewalks. The major impact on street maintenance is the addition of roads from private development. The Streets division has maintained level staffing through the investment in new, more efficient equipment.

BBB projects will have a significant impact on operating budget requirements. Streetscape and FUTS trail maintenance will require an ongoing level of effort to maintain landscaping. Greater consideration is being given to design and maintenance requirements for future streetscape projects to keep maintenance costs as low as possible. The completion of several parks projects constructed in conjunction with the Parks and Recreation bond program require a major increase in the Parks maintenance budget. City Council has

determined that any increased maintenance costs associated with the bond projects will be paid for from BBB funds. Staff has balanced construction maintenance responsibilities and funding sources in the Parks and Recreation Bond program.

## CAPITAL IMPROVEMENT PLAN

### ***What is a Capital Improvement Plan?***

A Capital Improvement Plan is a multi year, long-range study of the construction and/or the acquisition of high cost assets that have an extended useful life usually greater than five years. A long-range plan is needed because of the lead times required to adequately finance, design and/or plan, budget, and implement construction or acquisition of the capital project needs of a community.

Planning in one or two-year increments has proven to be inadequate because of the complexity of projects and the public input process, as well as the design time needed for engineering plans, specifications, and right-of-way acquisition.

After Council has identified priorities and input has been received from all City departments, the development of the actual Capital Improvement Plan is completed. This requires coordination between the budget function and engineering because of the impact of constructed capital projects on the operating budget. For example, bond funds might be used to construct a branch library. However, once construction is completed, the library must be staffed, utility bills must be paid, and the facility must be cleaned and maintained. Therefore, an effective capital improvement plan should always be viewed in context of its impact on the operating budget. You will find anticipated future operations and maintenance impacts as projects are completed in the Capital Improvement Project section of this budget book.

### ***What does a CIP provide?***

- ***Cash management capabilities.*** The dollars expended on Capital Improvement Plans in jurisdictions experiencing substantial growth or revitalization will often comprise 40% or more of the total budget. By reviewing the sources and uses of funds on a project basis and within the context of the entire CIP, as well as the related cash flows, a jurisdiction can maximize its investment earnings.
- ***Debt management.*** A CIP allows a jurisdiction to plan the financing requirements and the debt repayment schedule to allow for current and future needs relative to debt service capacity.
- ***Expenditure controls.*** Funds are expended as they were intended to be spent. The

appropriations figure becomes the project management budgets. It is typical for most jurisdictions in their process to budget a 15% to 20% overhead factor to cover engineering and design costs as well as to provide for contingencies.

- ***Budgetary controls.*** Operating cash flow projections on a project basis serves as a check and balance on a project's progress both in terms of the time schedule and expenditures to date compared with percentage completion.
- ***Minimize disruption to citizens.*** By looking at the overall impact of the proposed CIP in any given year, the disruption of services or inconvenience imposed by construction activity in a locale can be kept to a minimum. For example, citizen complaints can be minimized by not scheduling the chip sealing of a major arterial street concurrently with ongoing construction on immediately adjacent streets. Additionally, a comprehensive review of multiple projects to ensure adequate coordination can minimize multiple disruptions in a given area.

## ***FY 2014 CAPITAL IMPROVEMENT PLAN***

The City budget for FY 2014 includes capital improvement projects totaling \$98.9 million. This amount includes \$54.3 million in carryover items that have been budgeted. Project funding is comprised of the following: \$14.5 million in grants primarily for airport and beautification projects, \$41.3 million in general obligation (G.O.) bonds and capital leases for the construction of 2010 Street/Utility Projects, Core Services Maintenance Facility and FUTS open space and other projects that were approved by the voters in the 2004, 2010 and 2012 General Election. In May 2004 General Election, the citizens of Flagstaff authorized the City to proceed with ten new projects totaling \$155.2 million. These projects are being phased in over a ten-year period with debt being issued in conjunction with the timing of each project. In November 2010 General Elections, the citizens of Flagstaff authorized the City to proceed with two new projects totaling \$21.2 million. In November 2012 General Elections, the citizens of Flagstaff authorized the City to proceed with two new projects totaling \$24.0 million. Each project will be discussed below in its appropriate fund. Project listings are located in the Capital Improvement section of this book.

A Capital Budget and Capital Improvement Plan (Five-Year) are included in the Annual Budget. Detail project descriptions including location, justification, planning document references, operating impact, and funding and expenditure data are provided for all funded projects.

**General Government** – Seventeen projects are scheduled for FY 2014 for a total of \$67.3 million. Projects included in this category are the Core Services Maintenance Facility and the Flagstaff Watershed Protection Project, which were authorized by voters in the November 2012 election. Other major projects include street and utility improvements, FUTS and open space land acquisition, court facility, and Observatory Mesa.

**Streets/Transportation** – The City currently has 634 miles of paved streets, as well as an additional 14 miles of alleys and 14 miles of unpaved streets. Three major programs are funded in the CIP for the City's streets and related infrastructure. These include an annual maintenance program of chip seal and overlay to extend the useful life of the existing street system; a streets/arterial improvement program to bring streets into current standards or widen to meet existing and anticipated traffic flow patterns; and capital projects including the West/Arrowhead improvements, and Beulah Blvd. extension. There are a total of twelve Streets Transportation projects scheduled at a budgeted cost of \$11.0 million. Transportation Tax funding \$6.43 million and HURF & Other Revenues fund \$4.57 million.

**BBB Funds** – Projects include Beautification and FUTS. Major projects include 4<sup>th</sup> Street Corridor Improvement, Butler Avenue-North Edge, Butler Medians, Fort Valley Road Enhancements and continuing our connectivity of FUTS Trails. This year Federal and State grants will provide funding of \$1.7 million. Twenty-three projects are scheduled at a budgeted cost of \$5.8 million for FY 2014.

**Utilities Fund** – Major projects for Water production and distribution include Switzer Canyon Transmission Line, Westside Waterline Expansion-WL Gore, Wildcat Solids Disposal and Aging Sewer Infrastructure Replacements. Eleven water projects and six wastewater projects are scheduled at a combined budget of \$5.7 million for FY 2014.

**Airport Fund** – Two projects are scheduled at a budgeted cost of \$5.8 million for FY 2014. The projects include Apron Rehab and the Westplex Taxilane.

**Solid Waste Fund** - This year's CIP includes Stormwater Infrastructure for a total cost of \$10,000.

**Stormwater Fund** – Six projects are budgeted in the Stormwater fund with a cost of \$3.3 million in FY 2014. These projects include; Drainage Spot Improvement, the Rio De Flag Parking Replacement and Rio De Flag Project.

## CAPITAL PLAN IMPLICATIONS

For a community to continue to grow and prosper, capital improvement needs must be balanced with the burden placed on its citizens to fund them. Therefore, the capital improvement program is evaluated in terms of its impact on a variety of factors such as property taxes, utility rates, and entering into other long-term commitments, i.e., affordability factors.

**Property Tax:** Servicing general obligation debt over the previous five years is shown in the Community Profile section. The table shows that debt as a percentage of assessed and per capita debt. This debt is related to the voter authorized sale of bonds in May 2004 in the amount of \$155.2 million, in November 2010 in the amount of \$21.2 million, in November 2012 in the amount of \$24.0 and \$1.1 million remaining from November 1996 voter approved of \$8.2 million.

**Utility Rate Structure:** The City has contracted with an outside agency to review the Water and Wastewater rate structure and provide a new rate modeling program. This rate model provides for major capital improvements, additional bond funding, and increased operating costs. The rate model has demonstrated a need for a rate increase which was presented to council in the fall of 2010. Rates increase annually for five years and began in January 2011.

**BBB Sales Taxes:** The voters approved a 2% BBB tax in 1988 with a ten-year sunset provision and renewed the tax an additional fifteen years in March 1996 and 2010, extending the tax to March 2028. Capital projects currently underway include streetscape along corridors, and the FUTS (Flagstaff Urban Trail System) connectivity and various recreation projects.

**Transportation Taxes:** In the May 2000 election, the voters approved a transportation tax that started at 0.51% and increased incrementally to 0.601%. The City Council approved an increase of 0.064% in the transit portion of the tax effective September 1, 2001, that increased the tax rate to 0.574%. The City Council approved another increase to the transit tax of 0.027% effective July 1, 2003 which increased the total transportation tax to 0.601%. In May 2008, the voters approved an additional tax increase for transit of 0.12%, raising the total transportation tax to 0.721%.

## **DEBT**

### **DEBT CAPACITY**

The City's legal debt margin, shown on the following page, demonstrates adequate capacity to complete the capital projects passed with the November 1996 bond election, May 2004 bond election, November 2010 election, and the November 6, 2012 election. Projects will be initiated over time through issuing new debt within capacity as old debt retires.

### **CURRENT DEBT POSITION**

The City's underlying bond rating for general obligation bonds is presently "AA" by Standard & Poor's Corporation and "Aa2" by Moody's Investor Services. In assigning a rating to bond issuance, the rating agencies analyze several factors to determine an entity's ability to repay its debt. Some of these factors are described in the following text.

**Economic factors** reviewed include measures of growth such as: population and housing demographics; employment base; unemployment rate; competitiveness of services provided by the governmental entity with surrounding jurisdictions; and vulnerability to revenue streams dependent on economy, e.g., sales taxes and delinquency rates on property tax collections. The City is well positioned because of its location and the diversity of its economic base.

**Financial performance factors** focus on the entity's ability to maintain a balanced budget regardless of economic circumstances. Recurring revenue streams without reliance on one-time revenue sources, e.g., asset seizure funds or fund balance should support ongoing expenditures. Maintaining a fund balance of 10% of budgeted operating revenues is indicative of sound financial management practices.

**Debt factors** analyzed include indebtedness trends, debt history, current debt burden, and debt repayment schedules. The economic feasibility and need for projects financed with debt are also evaluated, as there is a correlation between perceived benefit received and ability or willingness to repay debt. The history of past voter approved bond authorizations is evaluated as an indicator of taxpayer willingness to repay debt, as well as the amount of overlapping debt imposed on the taxpayer. Development of a long range capital improvement plan is a primary method of planning for future debt needs and is a meaningful way of demonstrating budgetary and fiscal controls.

**Administrative factors** reviewed include the professionalism of the administration relative to budgetary policies and practices, financial reporting and results of independent audit, and effective management practices. Debt limitations, tax rate and levy limitations and unused debt margins are also assessed. Focus on management capabilities includes personnel turnover, labor relations, and legal and political constraints evident in the organizational structure. Finally, assessment procedures are reviewed and property valuations are trended and analyzed.

**Quality of Life factors** include the physical, environmental, and social/cultural amenities of a community, which enhance the desirability as a place to live and thereby add to the valuation of the tax base.

**Legal Debt Limitations** are assessed at 6% and 20% of the assessed valuation of real property. The 20% category includes water, sewer, artificial lighting, parks, open space, recreational facilities, public safety, law enforcement, fire and emergency services, and street and transportation facilities. The 6% category includes everything else. The following table reflects City capacity in each category.

<b>General Obligation Debt</b>	
July 1, 2013	
20% Limitation (Water, Sewer, Lighting, Open Spaces, Recreation, and Fire Facilities Purpose Debt)	
Assessed Valuation	\$ 661,062,990
Allowable 20% Debt	\$ 132,212,598
20% Debt Outstanding	(48,787,587)
Allowable Debt Margin	<u>\$ 83,425,011</u>
6% Limitation (All Other General Obligation Debt)	
Assessed Valuation	\$ 661,062,990
Allowable 6% Debt	\$ 39,663,779
6% Debt Outstanding	-
Allowable Debt Margin	<u>\$ 39,663,779</u>

## DEBT SERVICE

At July 1, 2013, the total actual indebtedness is \$152.5 million. FY 2014 annual debt payments are \$14.4 million. At the start of the fiscal year, July 1, 2013, the City's 20% general obligation debt of \$48.8 million is well below the legal limit by \$132.2 million. The City has no outstanding general obligation debt in the 6% category. Thus, the full allowable debt margin of \$83.4 million is available. The following table illustrates the total actual indebtedness through the life for all currently outstanding debt.

	Principal	Interest	Total
2014	9,886,248	4,552,825	14,439,073
2015	11,244,040	4,122,957	15,366,997
2016	11,439,016	3,735,323	15,174,339
2017	10,506,239	3,333,102	13,839,341
2018	10,646,354	2,965,467	13,611,821

## CITY COUNCIL MISSION, VISION, VALUES, GUIDING PRINCIPLES, AND PRIORITIES

**Mission Statement:** To protect and enhance the quality of life of its citizens.

**Vision Statement:** The City of Flagstaff is a safe, diverse, vibrant, and innovative community with a unique character and high quality of life. The City fosters and supports a balance of economic, environmental, educational and cultural opportunities.

**Values:** Teamwork, Accountability, Communication, Quality and Leadership.

**Guiding Principles:** Things to consider when making decisions:

- Should the City be providing this service? Can someone else do it?
- Is it the appropriate use of tax dollars?
- Does this best leverage city dollars, labor and commodities (in kind)?

- How will this affect fees and taxes?
- Can we use existing before creating new?
- Is this Council's role?
- Is this the appropriate time for this issue (political capital)?
- Are we planning for the future?
- Is this an issue we should be looking at in detail or big picture?
- Has there been appropriate public input?
- Is it equitable?
- What is the effect on predictability?
- Is this an appropriate regulation?
- Have we been provided enough information to make a decision?
- Does it empower employees?
- Will it improve the livability or quality of life for the community?
- How does it maintain small town charm?
- Is this an appropriate balance of economic, environmental and social considerations?
- Do we have a hyper-understanding of the issue prior to a decision being made?
- Is it consistent with the Regional Plan?

### Priorities:

- Repair/replace/maintain City infrastructure.
- Fund existing and consider expanded recreational services.
- Address Core Services Maintenance Facility.
- Complete the Rio de Flag.
- Retain, expand, and diversify the economic base.
- Complete the Water Policy.
- Review the financial viability of pensions.
- Review all Commissions.
- Revisit and analyze the process and implementation for the Zoning Code.
- Develop an ongoing budget process.

# ***GENERAL ADMINISTRATION DIVISION MISSION***

It is the mission of the **City Manager's** office to direct and coordinate City staff to provide effective, efficient, and equitable implementation of Council policies and programs; and to provide representation of City Council policies to citizens, other governmental agencies/jurisdictions and any other entity important to the accomplishment of directives established by the City Council.

The mission of the **City Clerk's** office is to support the values of the community and the organization through the delivery of quality customer service; conducting fair and open municipal elections; providing broad organizational support; managing the City's records management program and accessibility to public records; overseeing boards and commissions; and ensuring that official postings, notices, and related publishing's meet legal compliance.

The mission of the **Human Resources Division** is to be committed to creating a culture of inclusion and excellence by establishing fair and quality services.

The mission of the **Risk Management Division** is to develop and maintain an integrated multi-disciplinary program for effective management of the City's resources, assets, and liabilities to protect its employees, property, and citizens, and enable the City to achieve its primary aims of enhanced quality of life and service to its citizens.

The mission of the **City Attorney's Office** is to prosecute misdemeanor crimes occurring in the City and to provide high quality legal services to the Mayor, City Council and City departments in an ethical, timely, and cost effective manner.

The mission of the **Information Technology Division** is to enable City staff to make informed decisions by providing: The tools and infrastructure technology that provides access to the City's available electronic data and geographical information; Helpdesk services. To ensure that the City's network infrastructure and data resources are protected through sound security and disaster recovery management methodologies. Provide and maintain a Geographic Information System, which allows staff and citizens to make informed and effective decisions that affect the future of the City of Flagstaff.

The mission of the employees of the **Flagstaff Municipal Court** is to foster a positive and productive environment that promotes the efficient and effective administration of justice.

The mission of the **Real Estate Program** is to provide assistance and support services to other departments in the acquisition, sale, leasing and management of real property necessary for utilization of the City's Housing program, Capital Improvements, Economic Development and Collaboration with other local agencies, public, private and non-profit. The program also provides guidance in planning of projects affecting property and facilities.

<b>COMMENTARY:</b>					
The City Manager's operating budget has increased 5% and there are no capital expenditures. Personal Services increases are due to a market increase and an increase in benefits. Contractual increase is due to a increase in miscellaneous services which is covering the cost of the County Election Services and regional plan. Commodities decreases are due to a decrease in food and in photo copying charges. There is no major capital (>\$10,000) for this Section.

<b>COMMENTARY:</b>					
The Human Resources operating budget has increased 11% and there are no capital expenditures. Personal Services increases are due to a market increase and an increase in benefits. Contractual decreases are due to a decrease in education and training. Commodities increases are due to an annual license for a new performance evaluation software. There is no major capital (>\$10,000) for this section.

<b>COMMENTARY:</b>					
The City Court operating budget increased by 3% and there are no capital expenditures (>\$10,000). Personal Services increases are due to a market increase, increase in benefits and retirement payouts. In addition, Court's proposed reorganization reflects an increase of .17 FTE. Budget increases were offset by reductions elsewhere in the Court budget. A reallocation, moving from in-house security personnel to contractual personnel, was effected with an IGA for \$95,099. The one-time expenditures include: \$20,000 for temporary staff; \$36,000 for Integration Services; and \$25,000 for potential warrant costs. Ongoing expenditures were approved for operational and maintenance needs.

# ***MANAGEMENT SERVICES DIVISION MISSION***

The mission of the **Customer Service Section** is to provide accurate and timely billing of Water, Sewer, Trash, Recycling, and Stormwater Services. To provide excellent customer service to internal and external customers; to assist in all customer copy center needs and to answer all incoming switchboard calls.

The mission of the **Purchasing Section** is to support the goals and objectives of the City by delivering consistent and professional procurement support to all employees, and assist in making best value procurement decisions while maintaining the highest ethical standards.

The mission of the **Tax, Licensing, and Revenue Section** is to ensure compliance with the City's Business License ordinances and assist the public so that tax-reporting problems can be avoided.

The mission of the **Finance and Budget Section** is to ensure that City's financial resources are protected through sound financial management, including allocation of resources consistent with community goals and providing timely, accurate, and reliable information that will assist in making informed decisions.

<b>COMMENTARY:</b>					
The Sales Tax operating budget has decreased 20% with no capital expenditures. Personal Services decreases are temporary personnel in FY 2013 for Innoprise software implementation and relocation of staff between Customer Service and Sales Tax sections and offset slightly by market and benefit increases. Contractuals decreases are due to decreases in postage. There is no major capital (>\$10,000) for this section.

# **COMMUNITY DEVELOPMENT DIVISION**

## **MISSION**

The mission of the **Capital Improvement Section** is to provide for the delivery of high quality community projects that improve the quality of life for the citizens of Flagstaff, through the efficient management of public resources.

Innovative solutions and communications with the public define the **Metropolitan Planning Organization** as the leader for coordinating regional transportation and land use planning. Intellectual and professional integrity keep us there.

The missions of the **Community Development Administration, Planning and Development Services, and Engineering Divisions** are to be client focused teams that enable quality development, reinvestment, and conservation of the natural and built environment through publicly adopted policies.

The mission of the **Traffic Engineering Section** is to enhance the mobility of our citizens and visitors by providing a safe, efficient, well balanced, multimodal transportation system, through the application of sound transportation engineering, planning, safety, and design principles.

The mission of the **Housing Section** is to provide enabling programs and policies for decent housing, a suitable living environment and economic opportunity to the residents of Flagstaff, in particular Flagstaff's workforce and low / moderate income households thus fostering a diverse and sustainable community.

The mission of the **Flagstaff Housing Authority** is to assist low income families with safe, decent, and affordable housing opportunities as they strive to improve the quality of their lives. They are committed to operating in a efficient, ethical, and professional manner and will create and maintain partnerships with its clients and appropriate community organizations in order to accomplish this mission.

The Capital Management operating budget has decreased 48% and there are no capital expenditures. Personal Services increases are due to a market increase and an increase in benefits. Commodities increases are due to a decrease in internal work charges. The Capital Management Section is allocated to the sections it provides services for based on an hourly rate percentage. All costs plus the administrative overhead assigned to the section are allocated.

<b>COMMENTARY:</b>					
The MPO operating budget has increased 1% and there are no capital expenditures. Personal Services increases are due to a market increase and an increase in benefits. Contractual decreases are due to lower consultant costs in Short Range data, Long Range Transport, and Long Range Transit. Commodities increases are due to an increase in photo copying charges. There is no major capital (>\$10,000) for this section. With the exception of the Transportation Fund transfer of \$22,500, the MPO is a 100% grant reimbursed program.

The Planning and Development Services operating budget has increased 14% and there are no capital expenditures (>\$10,000). Personal Services increases are due to a market increase and an increase in benefits, but the largest impact was transferring a program from SEMS to Code Compliance. One time authorizations include \$89,000 for the Regional Plan and \$75,000 for outside consultants for plan checks (per council directive). Ongoing requests include \$12,000 in contractals and commodities for the Graffiti program.

The Engineering operating budget has increased 8%. Personal Services increases are due to a market increase and an increase in benefits. In addition, a position was increased by .3 FTE (resulting in a full 1.0 FTE). The division underwent a reorganization which affected personnel services costs and offset the cost of the FTE increase. Ongoing expenditure requests include computer maintenance and mechanical shop labor. There is no major capital (>\$10,000) for this section.

COMMENTARY:					
The Housing and Community Services operating budget had a 62% decrease. Personal Services increases are due to a market increase and an increase in benefits. Contractuals decrease is due to decreases in Other Miscellaneous Services expense. Commodities had a increase due to a decrease in contra work order charges.

<b>COMMENTARY:</b>					
The Housing Authority operating budget has decreased 3% and their capital expenditures total \$401,697 resulting in an overall net decrease of 2%. Personal services increases are due to market increases, changes in benefits offset partially by a reduction in staff by two positions. Contractuals decreases are primarily due to reductions in Housing Assistance Payments, utilities, and training. Commodities decreases are due to a reduction in administrative expenses. Major capital (>\$10,000) is for roof replacements, parking lot repairs and kitchen faucets/counters (\$401,697). Capital improvements are funded by HUD's Capital Grant program.

<b>COMMENTARY:</b>					
The Fire Department operating budget has increased 7% and no capital related budget. Personal Services increases are due to market increase as well as a large increase PSPRS retirement, worker's compensation and health insurance benefits. The cost of the 1 FTE of the Fire Fighter - Temp is offset by the elimination of 1 full time Fire Fighter FTE. Contractual increases are due to anticipated utility rate increases for electricity and increases in building maintenance. Commodities increases are due to one-time purchase of MDCs and chainsaws and increase in motor vehicle parts. There is no major capital (>\$10,000) for this section.

<b>COMMENTARY:</b>					
The Police Departments operating budget has increased 5% and capital expenditures total \$171,000 with an overall net increase of 5%. Personal Services increases are due to market increase as well as a large increase PSPRS retirement, worker's compensation and health insurance benefits. Personnel service increase is partially offset by the overall reduction of 2 FTEs (3 Police officer FTEs less the addition of 1 Training officer FTE). Contractual increases are due to increase in maintenance contracts. Commodities increases due to increases in fuel and motor vehicle parts and one-time expenditures for MDCs, computers, servers and other safety equipment. Major capital (>\$10,000) includes (1) police sedan of \$21,000 and \$150,000 for (5) police cruisers.

# ***PUBLIC WORKS DIVISION MISSION***

The mission of **USGS Maintenance** is to ensure, through effective building maintenance programs and long range planning, that all US Geological Survey facilities are safe, secure, efficient, reliable, code compliant, aesthetically pleasing and environmentally friendly for all USGS and public users.

The mission of **Public Works Administration** is to direct and coordinate the efforts of Public Works programs in providing cost efficient, quality based services to the Citizens of Flagstaff. By ensuring a well trained safety conscience work staff, we strive to improve the quality of life in Flagstaff through sustainable, affordable, efficient maintenance programs and enhanced Transportation and Park opportunities.

The mission of the **Parks Section** is to provide exceptional facilities which are safe and aesthetically pleasing for the community in order to pursue family oriented and recreational activities that promote a healthy lifestyle.

The mission of the **Fleet Services Section** is to provide expert, cost efficient maintenance and repairs of city vehicles and equipment enabling City Divisions to perform their duties to the citizens of Flagstaff.

The mission of the **Fleet Management Section** is to provide a comprehensive fleet management program dedicated to selecting and supplying the most efficient state of the art vehicles and equipment to support City divisions and employees in the delivery of municipal services.

The **Cemetery Division** employees dedicate themselves to offering quality customer service in a time of need by being compassionate and providing proper grounds maintenance that is aesthetically pleasing to the public.

The **Facility Maintenance** will ensure, through effective building maintenance programs and long range planning, that city buildings are safe, secure, efficient, reliable, clean, code compliant, aesthetically pleasing, and environmentally friendly for all users.

The mission of the **Street Section** is to provide the citizens of Flagstaff with a safe transportation system within the City's right of ways.

The mission of **Solid Waste Section** is to efficiently provide a comprehensive waste management and diversion program to the residents of Flagstaff.

The **Sustainability and Environmental Management Section's** mission is to preserve and enhance the community and natural environment by implementing resource conservation and sustainability through projects, leadership and education.

<b>COMMENTARY:</b>					
The USGS Maintenance operating budget has very little change overall. The proposed budget reflects no capital or one-time expenditures. There are no personnel associated with this account. A new ongoing expenditure for \$5,000 was requested for building maintenance. Work is provided through internal work order charges.

The Public Works Administration operating budget has increased by 19% or \$3,509. Personal Services increases are due to a market increase and an increase in retirement benefits. Commodities decreases are due to an increase in Contra Work Order charges. There are no capital or one-time expenditures.

<b>COMMENTARY:</b>					
The Parks operating budget has increased 8% and capital expenditures total \$295,946 resulting in an overall net increase of 7%. Personal Services increases are due to 3.22 FTE staff increase as well as a market increase and an increase in benefits. The increase in FTE's, contractals and commodities are related to the increase in service of BBB recreation fields to a Service Level 2. Major capital (>\$10,000) includes replacement items for various City parks, resurfacing basketball courts & concrete court overlay.

COMMENTARY:					
The Fleet Services operating budget is a zero base budget meaning the section expects to recover ongoing operating expenditures plus administrative overhead through charges for services, markups on parts and fuel, and an environmental disposal fee. The current shop rate is \$62.00 per hour and does not cover one-time and capital requests. Personal Services decrease are due to elimination of mechanic I position and are partially offset by a market increases and retirement, workmer's compensation and health insurance benefit increases. Contractual increases are due to increase in building maintenance. Changes in commodities are due to the amount of funding setside in catastrophic fund program, which is funded with unallocated fleet capital funds. Major capital items also include funding setaside for the catastrophic/future vehicle replacement fund program.

COMMENTARY:					
The Cemetery operating budget has decreased 5%. There are no new or major (>\$10,000) capital expenditures planned. Personal services decreased by 59% as a result of having personnel housed in a different division and now charging out time using workorders to the Cemetery section. The remaining Personal Services costs are for mechanical shop labor.

COMMENTARY:					
The Public Facilities Maintenance operating budget has increased 2% overall and there are no capital expenditures (>\$10,000). Personal Services increases are due to a market increase and an increase in benefits costs. There are \$53,066 in Ongoing requests and \$16,900 in one-time requests. Ongoing and one-time expenditures are for mechanical shop labor, training, motor vehicle parts, custodial services, janitorial services, building maintenance, utilities increases and miscellaneous maintenance necessities. Although there were increases requested for facilities expenditures in the Commodities section, the increase in Contra Workorder Charges distort the budget presentation.

<b>COMMENTARY:</b>					
The Streets Maintenance operating budget has increased 2% and capital expenditures total \$200,000 resulting in an overall a net decrease of 11%. Personal services increases are due to market increases, employee rezones as well as increases to retirement, workmer's compensation and health insurance benefits. Contractuals increases are due to increases to building maintenance. Commodities decreases in motor vehicle parts are due to prior year one-time budget for tires. Major capital (>\$10,000) includes dust abatement tank & pump (\$20,000), two solar messaging boards (\$90,000), and street signal improvements (\$90,000).

				\$ 8,715,588	
COMMENTARY:					
The Environmental Services operating budget had a slight increased of 1.2% and capital expenditures total \$765,000 resulting in an overall net decrease of 21%. Personal Services increased by 3% due to market increase and an increase in benefit cost. Contractuals increased by 1% with an equal offset in commodities which decreased by 1%. One-time expenditures for this division are for internal work requests. Major capital (>\$10,000) includes capital equipment and capital improvements ongoing at the landfill.

<b>COMMENTARY:</b>					
The Sustainability and Environmental Management operating budget has decreased 24% and there are no capital expenditures. Personal Services witnessed a decrease of 18%, with the transfer of the conservation program to the general fund. Also the cost of the .48 FTE of a Volunteer Coordinator is offset by the reduction of the Environmental Aide position. Contractual decreases of 33% are due to the transfer of the conservation program and the end of the energy grant. The decrease in commodities of 43% can be attributed in part to the transfer of the conservation program and the reduction of green energy programming.

				\$ 3,726,974	
COMMENTARY:					
The Library operating fund has decreased by 4%. Personal Services witness an increase of 4% for market increases and employee reclasses. An increase in benefits offset partially by a decrease in temp FTEs for reduced Library hours. Contractual had a slight decrease of 3%. Commodities decrease of 27% is partly related to a decrease in circulated materials. The capital for this section is related to set-asides for future fleet replacements and renovations related to ADA guidelines.

<b>COMMENTARY:</b>					
<p>The Recreation operating budget has increased less than 1% and has a capital expenditure of \$40,000 for a net decrease of 6%. Personal Services increases are due to a market increase and an increase in benefits. Contractual decrease is mainly related to reduction of the support for Boys and Girls Club based on a contract. Some contractals increased related to maintenance and utilities. One-time items include power purchase related to the solar project, pool repairs, and Downtown Dew event. Commodities increases are related to one-time items including building renovations and flooring. There is major capital (&gt;\$10,000) expenditures for general improvements (\$15,000) and ice rink dehumidifier (\$25,000).</p>

# ***ECONOMIC VITALITY DIVISION MISSION***

The mission of the **Community Investment Section – Economic Development** is to retain and strengthen existing local businesses while helping to grow and attract innovative companies for sustainable economic health.

The mission of the **Community Investment Section – Community Design and Redevelopment** is to create, enhance and preserve the sense of place, the built and natural environment, and the cultural heritage of Flagstaff by implementing the community's vision for character and design, the environment, resources and economic sustainability.

The **Airport Section** mission dedicates its efforts to provide quality service for the ever-growing transportation needs of Northern Arizona.

The mission of **The Arts and Science Section** is to deploy Bed, Board, and Beverage tax monies efficiently and effectively to create, enhance, and preserve the cultural heritage of Flagstaff.

The mission of **Beautification General Administration** is to deploy Bed, Board, and Beverage tax monies efficiently and effectively to create, enhance, and preserve the sense of place, both the built and natural environment, of Flagstaff.

The mission of the **Convention and Visitors Bureau** is to develop, promote, and maintain Flagstaff as a year-round visitor destination with professional visitor services that will benefit the community economically, environmentally, and socially.

The mission of **Visitor Services** is to introduce and educate visitors about the vast tourism opportunities within Flagstaff and the surrounding areas, and to increase the frequency of visits and length of stay to Flagstaff.

COMMENTARY:					
The Community Investment operating budget has decreased 11% and capital expenditures total \$324,000, resulting in an overall net decrease of 49%. The capital expenditures of \$324,000 relate to Brownfield grant funded projects. Increases in Personal Services for market and benefit costs are offset by salary savings from personnel turnover.

COMMENTARY:					
The Airport operating budget has decreased 1% and there are no capital expenditures (>\$10,000) in this section. Personal Services increases are due to a market increase and an increase in benefits costs. Decreases in Contractuals and Commodities are due to prior year one-time items, as well as current year budget reductions. An ongoing increase in utilities has been authorized for \$20,787. The Small Comm Air Svcs Development is funded by a grant for the full \$800,000.

SOURCE OF FUNDING:					
ARTS AND SCIENCE FUND				\$ 608,806	
				\$ 608,806	
COMMENTARY:					
The Arts and Science operating budget has increased by 8% due to the Science Foundation (\$50,000) transfer from Economic Development to Arts and Science, partially offset by the elimination in funding for the Riordan Mansion (\$20,000). There are capital expenditures of \$200,000, resulting in an overall net decrease of 4%. Personal Services are handled through internal charge outs and are included in Commodities. One-time expenditures for this division are: \$15,000 for the Flagstaff Cultural Partners, and \$50,000 for the Science Foundation. Minor fluctuations in year-to-year budgets relate to specific program needs each year while maintaining adequate fund balance. The Capital Public Art Work for \$200,000 is the Rendezvous Bronze Sculpture.

				\$ 150,309	
COMMENTARY:					
The Beautification operating budget has decreased 27% and there are no capital expenditures. Personal Services decreases includes the reduction of 1.0 FTE for the Manager of Enhanced Service District. Contractual has a net decrease of 26% due to reduction of Wheeler Park Lighting and offset partially with one time expenditure in Enhanced Service District's other miscellaneous services. Commodities decrease is due to decreases in food. There is no major capital (>\$10,000) for this section.

ECONOMIC DEVELOPMENT FUND				\$ 953,885	
				\$ 953,885	
COMMENTARY:					
The Economic Development budget has decreased 31% and there are no capital expenditures. Personal Services increases are due to a market increase and an increase in benefits. The decrease is primarily due to changes in the level of grants, the transfer of the Science Foundation program to the Arts and Science Section, and the timing of the Innovation Mesa Project which affected Debt Service and Contractuals. Commodities increases were due to the budget restructure between Contractual and Commodities.

<b>COMMENTARY:</b>					
The Tourism budget has increased 17% and there are no capital expenditures (>\$10,000). Personal services have increased 7% as a result of city wide market increases and benefit costs. One-time requests include \$169,700, of which \$149,200 is for advertising, Simpleview integration, translation, photoshoots, and video production. Addition one-time requests include \$8,500 is for sales, \$9,000 for public relations, and \$3,000 is for maintenance and structures. Ongoing requests total \$47,210 which is primarily composed of advertising, computer equipment maintenance, building maintenance, and miscellaneous items. Differences between the FY 2014 budget and items listed above are due to prior year one-time items.

## ***UTILITIES DIVISION MISSION***

The mission of the **Utilities Section** is to professionally and cost effectively provide water, reclaimed water, and wastewater services that meet the present and future environmental, health, and safety needs of the community and our co-workers.

We are committed to a goal of 100% customer satisfaction. This will be achieved by a dedication to exceed customer expectations by continuously improving our operations.

We value our co-workers and strive to maintain high motivation by providing an environment that encourages improvement and teamwork.

The mission of the **Stormwater Management Section** is to promote the public health, safety and general welfare, to minimize public and private losses due to flood conditions, to reduce the cost of flood insurance and to comply with applicable floodplain and stormwater regulations.

The Utilities Administration operating budget has increased 13% there are no capital expenditures resulting in an overall net increase of 12%. Personal Services increased for market pay and benefits increases and restoring the Resource Manager position which was vacant for most of FY 2013. There was also one position that was moved from Water Distribution and Wastewater Collection as part of a reorganization change. Contractual decrease is related to prior year one-time items net of an increase for legal fees. The decrease in Commodities is due to prior year one-time items. There is no major capital (>\$10,000) for this section.

<b>COMMENTARY:</b>					
The Lake Mary Water Treatment Plant operating budget increased 5% and capital expenditures total \$50,000 resulting in an overall net decrease of 3%. Personal Services increases are due to a market increase and increases in benefits. Contractual increases are due utilities, maintenance, and Lake Mary dam inspection. There is \$141,000 budgeted as one-time related to the expectation to use more well water due to the lower lake levels. Commodities increase is related to fuel for the Inner Basin wells. Major capital (>\$10,000) is for facility repairs (\$20,000) and communication system upgrades (\$30,000).

Water Distribution operating budget has increased 5% and capital expenditures total \$45,000 resulting in an overall net increase of less than 1%. Personal Services decreased due to moving one position to Utilities Administration. There are increases in personal services for a market increase and increases in benefits. Contractual increases are for three new programs to address aging infrastructure including leak detection, fire hydrant maintenance, and valve maintenance. Commodities decrease is due to prior year one-time items and increases to parts. Major capital (>\$10,000) is for a replacement vehicle (\$45,000).

The Stormwater Utility operating budget has increased 8% and there are no capital expenditures. Personal Services decreases due to a market increase and an increase in benefits offset by salary savings due to personnel turnover. Contractual decreases overall are due to a decrease in the Master Plan project and in consultant fees. Commodities decreased due to a decrease in other operating supplies. There are no major capital (>\$10,000) expenditures planned for this section.

## ***NON-DEPARTMENTAL MISSION***

Non-Departmental accounts for all divisions which are not under the direct supervision of a department head or whose operations are contractual in nature. These include:

The mission of the **Council and Commission Section** of the City of Flagstaff is to enhance the quality of life of its citizens while supporting the values of its community.

The **Contributions to Other Agencies Section** accounts for contractual agreements with outside agencies that provide services to Flagstaff's citizens. The City is a major contributor to United Way, arts and cultural agencies whose activities benefit the citizens of Flagstaff, and other Alliance partnerships.

The **Non-Departmental Section** accounts for all expenditures that are not specifically allocable to individual divisions or programs, e.g. property and liability insurance, unemployment insurance, audit fees, and capital equipment that benefit various departments (mainframe computer). Costs of this division are allocated to the respective departments based on a cost-allocation formulation.

The mission of **NAIPTA** is to create the finest transportation experience by making services an excellent choice for communities of Northern Arizona.

COMMENTARY:					
The Non-Departmental operating budget has decreased by 48% and capital expenditures total \$4,100,000 resulting in an overall net increase of 62%. Personal Services have decreased because of the net of market and benefit increases and the impact for salary savings planned for vacancies. The decrease in contractual is due to FY 2013 one-time items. There were some increases in contractals related to armor car service and property and casuality insurance. Commodities increased for one-time items for the copy center. The major capital (>\$10,000) is for the solar project (\$4,000,000) and second floor quadrant remodelling (\$100,000).

UN-FUNDED CAPITAL IMPROVEMENTS  
FY 2014 - 2024**

The following is a list of projects that currently do not have a funding source and therefore are unfunded City Capital projects at this time. This list is updated annually as changes in funding occur as well as changes in priorities for the City

**GENERAL GOVERNMENT**

**Police Department**

Police Admin. Facility Expansion	\$ 2,650,000
Joint City/County Evidence/Property/Document Storage Facility	2,500,000
	<hr/> 5,150,000

**Fire Department**

Training Center Facility Improvements	250,000
Training Center Ground Improvements	315,000
Fire Station Repairs and Upgrades	205,000
	<hr/> 770,000

**Municipal Facilities**

Municipal Courts Facility	23,000,000
New Public Works Facility	20,610,000
Downtown Parking Garage	25,000,000
City Hall Annex	3,750,000
Records Storage Facility	250,000
	<hr/> 72,610,000

<b>Total General Government</b>	<b>\$ 78,530,000</b>
---------------------------------	----------------------

**CITY OF FLAGSTAFF  
UN-FUNDED CAPITAL IMPROVEMENTS  
FY 2014 - 2024**

**ECONOMIC VITALITY**

**Community Design/Streetscape**

N. Fourth St. Corridor Improvements	\$ 18,000,000
Arts Incubator Facility	TBD
	<hr/> 18,000,000

**Airport Capital**

Airport Terminal Access Road Reconstruction - Pulliam Dr	3,160,000
--	-----------

**Tourism/Visitor Services**

Visitor Center Platform Reconstruction	355,000
--	---------

<b>Total Economic Vitality</b>	<hr/> <b>21,515,000</b>
--------------------------------	-------------------------

**COMMUNITY ENRICHMENT**

**Recreation**

# Targets - FY 2014 Budget

	Compensation	Infrastructure
General Fund		
	\$1,187,200	QIC - \$389,553 Streets - \$1,000,000
All Other Funds		
	\$435,000	Parks - \$200,000 QIC - \$335,000
City Wide		
	\$1,622,400	\$1,924,553

# Employee Innovation Committee

- 15 member Committee
  - Cross section of employees by Division and role
- City Manager commitment to compensation
- Employee suggestions received by email and through Committee members

# Employee Innovation Committee

- Received over 300 innovative and cost saving suggestions from employees
  - Some ideas were impractical for various reasons
  - Some ideas are already in progress
  - Committee worked very hard to narrow and further review 19 suggestions
    - 11 are recommended to be implemented in FY 2014

# Employee Innovation Committee - Top 19 Suggestions

Suggestions that are recommended for FY 2014:

- Reduce the number of Division Directors
- Move to greater or 100% cost recovery
- Eliminate Cityscape\*
- Switch to 100% petroleum diesel during winter months
- Limit take home vehicles/Re-evaluate policy\*\*
- Reduce costs associated with catering and food
- Reduce fuel consumption\*\*

*\* Partial cost recovery for Cityscape. \*\* Fleet Management Committee FY 2014 Work Plan.*

# Employee Innovation Committee - Top 19 Suggestions

Suggestions that are recommended for FY 2014  
(Continued):

- Turn off or reduce lights/HVAC system usage when facilities are not in use
- Charge more for special events
- Reduce bulky trash pick up to 2 or 3 times each year, with additional pickup for fee.
- Look into 1/10 sales tax increase

# Employee Innovation Committee - Top 19 Suggestions

Suggestions that are not recommended in FY 2014 budget:

- Consider change to 4 10 hour work schedule\*
- DCM level reduction
- Supervisor/Manager reduction
- Re-evaluate costs associated with outside agencies and non-profits (e.g. United Way)
- Charge NAU for fire related calls\*
- Use cinders on roads instead of chemicals/salt\*
- Defer street maintenance and/or contract out for street maintenance services
- Install parking meters downtown

*\* Suggestions that will be reviewed further in FY 2014*

# Fixed Costs and Expenditure Outlook

- Property and Casualty
- Utility - Natural Gas/ Electric
- Pension
- Health Insurance
- Workers Compensation

# Employee Advisory Committee

- EAC Overview
- EAC Purpose
- EAC Vision
- EAC Work Plan
- Moving Forward
- EAC Recommendations

# Employee Advisory Committee

## What is the Employee Advisory Committee (EAC)?

- The EAC is a group of elected representatives from different City sections who come together to discuss and make recommendations on behalf of the employee body.

# Employee Advisory Committee

## What is our purpose?

- To foster healthy employee-employer relations by providing a process and forum for employees to recommend changes to employment related policies and procedures, safety, compensation and benefits.

# Employee Advisory Committee

## What is our vision?

- To provide a safe and comfortable avenue for employees to bring forward ideas, concerns, and recommendations for the organization.
- To maintain and enhance employee/employer relations.
- To nurture open communication with Leadership, Budget Team, Human Resources, and Upper Management.
- To focus our efforts on proactive goals.
- To create a healthy forum where real topics are discussed and render results.

# Employee Advisory Committee

## Work Program- FY 13

- 0.6% pay increase.
- Focused goal for compensation.
- Quarterly joint EAC/Leadership meetings.
- Participation in budget review process.
- Donated Leave Policy.
- Personal Day Purchase Program.

# Employee Advisory Committee

## Moving forward

- Re-build morale.
- Restore the ability to earn merit increases.
- Develop and implement a 5-year plan.
- Increase employee involvement in EAC.
- Fill vacancies in EAC to better represent all employees.
- Participate in providing solutions.

# Employee Advisory Committee

## Recommendations

- 6% Market increase for FY 14.
- Reinstatement of merit increases for FY 15.
- Continuation of 3 PTO days until market is reached.

# Employee Advisory Committee

Thank you for your support.

# General Fund - Recreation Fees

## Presentation Overview

- Direction from February Budget Retreat
- Special Event Cost Breakdown
- User Fees - Proposed Changes
- Aquaplex Fees - Proposed Changes
- Program Fees - Proposed Changes

# General Fund - Recreation Fees

## Direction from February Retreat

- Move forward with user fee increase to obtain the goal of an additional \$330,000 in revenue.
- Implement a facility/field fee for all adult sport leagues.
- Build in a CPI into the fees.

# General Fund - Recreation Fees

## Special Event Cost Breakdown

- Examples of “A” “B” and “C” Events
  - Commercial, non profit and series events are represented.
  - PD overtime variable depending on veteran status of the officer(s) assigned to the event.
  - Fire department “tent fee” will not change for FY 2014.

# General Fund - Recreation Fees

## Program Fees - Proposed Changes

- Implement a facility/field use fee (adults)
  - Applied to program fees not user fees
  - Recommendation is \$7 per person
  - This will generate approximately \$40,000 in additional revenue (based on historical averages)

# General Fund - Recreation Fees

## Aquaplex Fees - Proposed Changes

- Initial increase 10% across the board
  - 15% for visitor daily admission and memberships
- Additional 21% added to fees
- Exceptions
  - Aquaplex memberships (cap 10% and 15%)
  - Community room rental (cap at 10%)

## Attachment #3

# General Fund - Recreation Fees

QUESTIONS?

# New Revenue

- These revenues have been included as part of balancing the General Fund
  - Materials testing lab - \$150,000 direct cost; burdened approximately \$200,000
  - Cityscape advertising - \$33,000
  - Sales tax on water
    - 1% General Fund - \$120,000
    - 0.721% transportation funds - \$86,000

# Council Consideration for Additional New Revenue

## **REAL ESTATE LEASE & LAND SALE**

- 4% fee; \$4,000 per \$100,000 land sale/lease revenue generated
- Land sales - per occurrence
- Leases as up for renewal

# Additional New Revenue (cont.)

## **SPECIAL EVENT LIQUOR LICENSE**

- City currently charges only an event fee (\$41.75)
- No separate/additional charge for Liquor License
- 10 events in 2012 pulled a State Liquor License
- Cost/cost recovery would have to be determined

# Additional New Revenue (cont.)

## LIQUOR LICENSES

- One-time fee
  - Currently at 70% - \$560/each; generates approximately \$12,000 per year
  - Increase to 100% or \$800 each;
  - Revenue increment of \$5,000

# Additional New Revenue (cont.)

## NAU FIRE CALLS

- 333 alarms in 2012 (calendar year)
  - 60% (203) were EMS calls
- 15.8% of calls from Station 1 (3.2% of total calls)
- Options
  - Charge per response (City Code 5-01-001-0001, Section C)
    - \$878 per hour for fire response
    - \$250 per EMS response
    - Based on stats provided above - \$88,796 revenue potential
  - Payment in lieu of tax
  - No Fee - NAU is largest employer and an economic engine.
  - Other

# Additional New Revenue (cont.)

## **POLICE & FIRE**

- Charge a payment in lieu of tax to enterprise funds, special revenue funds
- Usually based on assessed value
- Environmental services currently assessed \$33,000 per year for fire coverage at the landfill

# Additional New Revenue (cont.)

## CEMETERY FEES

- At 66% recovery for approximately \$100,000/year revenue.
- Every additional 10% recovery increase will generate an additional \$10,000
- Cemetery fee areas include:
  - Open/close - Grave site, mausoleum, columbarium
  - Cremains
  - Marker setting
  - Infants
  - Exhumations

# Additional New Revenue (cont.)

## CELL TOWER LEASES

- Property near NAU is a priority
- Approximately \$1,000 - \$1,500 per site

# Additional New Revenue (cont.)

## PLAN REVIEW

- Increase plan review from 50% to 100% recovery based on current fees
- Based on 3 year average - \$350,000 incremental increase

# Additional New Revenue (cont.)

## **BUILDING PERMIT FEES**

- Currently set based on International Code Council Building Safety Journal fee
- Every 5% increase generates approximately \$50,000

# Additional New Revenue (cont.)

## ENGINEERING INSPECTION

- Increase engineering inspection from 50% to 100% recovery
- Estimated increase - \$200,000

# Additional New Revenue (cont.)

Does Council want to pursue  
any of these fees?

# Airport Fund -Sequestration Impacts

## Flagstaff Pulliam Airport

- Operation Angel Thunder canceled.
- Reductions in military training resulting in reduced fuel sales at Wiseman Aviation (FBO).
- No known impact to FAA/DOT grants at this time.
- May see more impacts next budget cycle.

## Other

- Most of the impacts are to the Air Traffic Control System:
  - Four towers are closing: Tucson Ryan Field, Phoenix Goodyear, Glendale, and Laughlin-Bullhead City.
  - Air traffic controllers will have one furlough day per pay period until the end of the Federal fiscal year.

# Solid Waste Fund

# Capital Improvements Program

- Overview of Capital Improvements Program
- Overview of CIP Procurement Delivery Methods
- Overview of Secondary Property Tax
- Overview of Outstanding General Obligation Authorized by not Issued

NOTE - Operating Capital was discussed by fund but we will reference the schedule at this time

# Overview of Capital Improvements Program

- What is the definition of a Capital Improvement project?
- How is it funded?
- Why are we talking about procurement delivery method?
- Timing?
- How do we plan to deliver projects?

# Capital Improvements Program - Procurement Delivery Methods

## Professional Services

- On-Call - task orders <\$100K (On-Call)
- Request for Statement of Qualifications (RSOQ)

# Capital Improvements Program - Procurement Delivery Methods

## Construction Services

- Invitation for Bids (IFB aka *Design-Bid-Build*)
- Alternative Delivery (RSOQ)
  - Construction Manager at Risk (CMAR)
  - Design/Build (DB)
  - Job-Order Contracting (JOC)
- Public/Private Partnership (P3)
- Request for Proposals (RFP)

# Capital Improvements Program - Procurement Delivery Methods

## Factors to be Considered

- Scope
- Type of work (Heavy Civil/Facility)
- Special features/complexity (bridges, treatment plants, roundabouts, pools, jails, etc.)
- Partnering/Team establishment
- Agency involvement/collaboration (ADOT/USACE/FUSD/BNSF)

# Capital Improvements Program - Procurement Delivery Methods

## Factors to be Considered - Continued

- Extent of public participation
- Alternatives Analysis
- Property Acquisition
- Funding Source (Grants)
- Timing (Schedule)
- Budget (Risk, Certainty)

# Capital Improvements Program - Program Overview

- \$270 million FY 13 - FY 19
- Fund Description (General Government; Streets/Transportation; BBB; Water; Wastewater; Airport; Solid Waste; Stormwater)
- Revenue projections
- Maintain a minimum fund balance
- Inclusive of all [total] project costs
- Projects scoped to be holistic
- Mapping process to look for opportunities/conflict

# Capital Improvements Program

## Components of Total Project Costs

- Planning (project scoping)
- Design
- Environmental
- Geotechnical
- Property acquisition
- Construction
- Warranty
- Agency contracts/agreement
- Legal (Bond Issuance Costs)
- Internal staff time (internal engineering and indirects)
- Placeholders
- Reserves

PROCUREMENT PROCESS FOR OPERATING CAPITAL:

With regard to this summary list of Operating Capital for FY2013-2014, those items under \$50,000 would be purchased utilizing an informal bid process, where the City would obtain three (3) written quotes. Every effort will be made to obtain these quotes from local Flagstaff vendors.

Those items at \$50,000 and higher, would be purchased utilizing a formal invitation for bids.

There are approximately eight (8) items that would be purchased, utilizing a cooperative State of Arizona contract, as currently, there are not any local Flagstaff vendors who can provide those items.

# Capital Improvements Program

## General Government

Project	Budget FY14	Funding	Anticipated Procurement
Innovation Mesa	\$1,074,250	Bond/ Grant	IFB

Traffic Signal Program	\$90,000
	<b>\$200,000</b>

# Pavement Preservation Funding History

Note: All budgeted amounts may include carry forward balances from previous fiscal year.

# FMPO

## Sequestration Impacts

- No foreseeable impacts.
- Most federal highway funds are not affected.
- The impacted funds largely apply to other programs.
- ADOT is working to keep most MPO and COG operations whole.
- There may be minor impacts to the already small construction program.

# FMPO

## Review of In-Kind Transfers

- FMPO receives approximately \$280,000 in annual Federal planning grants
- These grants require a match of \$40-50,000
- FMPO uses a combination of
  - In-kind Time: City and County staff participation in FMPO work tasks
  - Local cash contribution: \$22,000 in City and \$5,000 County
  - Multi-modal Planner Interdivisional Service Request Time supplied to Capital Programming
    - Applied to eligible activities

# FMPO

Opportunities to offset other street maintenance needs (STP, etc.). FMPO annually receives:

- \$480-500,000 in surface transportation program capital construction funds
  - These funds are eligible for pavement preservation activities
- \$600,000 in highway safety improvement program funds.
  - These funds are federally eligible to maintain high, retro-reflective signing, striping and marking, but await a decision to lift state restrictions
- Occasional discretionary grant funds

# FMPO

## Opportunities Continued...

- All funds are subject to review and approval by the FMPO Executive Board with acceptance by the State and Federal governments.
- The next three-four years of funding are heavily programmed.

# Future Transportation Planning

- Series of forums planned with the Alliance members plus FMPO and NAIPTA to strategize on future transportation Planning.
- If November 13 ballot question, need question by July and more money.
- If May 2014, need question adopted by Resolution no later than 1/21/2014.

# Parking Lot

- To be logged throughout retreat.

# Adds

- To be logged throughout the retreat.

# Deletes

- To be logged throughout the retreat.

## **CITY OF FLAGSTAFF**

### **STAFF SUMMARY REPORT**

**To:** The Honorable Mayor and Council  
**From:** Elizabeth A. Burke, City Clerk  
**Date:** 04/17/2013  
**Meeting Date:** 04/24/2013

---

#### **TITLE**

**Council Discussion re Procedure for Agenda Items**

#### **RECOMMENDED ACTION:**

Council direction

#### **INFORMATION**

Recently some issues have arisen regarding the procedure to be used for Councilmembers to have an item placed on a future agenda. Staff was directed to include this item on the Budget Retreat agenda to further discuss this process and direct staff accordingly. Attached is a memo from the City Manager that provides some history on this issue, as well as some options to consider. The current wording contained in the Council's Rules of Procedure is also attached for your reference.

**Attachments:** City Manager Memo  
4.01 - Rules of Procedure

# MEMORANDUM

## CITY MANAGER'S OFFICE

---

**DATE:** Wednesday, April 17, 2013

**TO:** Mayor and Council

**FROM:** Kevin Burke, City Manager

**REGARDING:** Council Placing and Item on the Agenda

---

In preparation for the Rule of Procedure discussion as it relates to placing something on the agenda and the associated public participation or lack thereof, I offer the following background information.

Upon my arrival in January 2008, the City Manager had exclusive control of setting the agenda. This was based in Article III, Section 3(a) of the Charter which notes, "The City Manager shall...prepare the agenda for...all meetings of the Council." Following the 2008 general election, three Councilmember indicated a desire to be able to add things to the agenda. Other Councilmembers expressed concern that the agenda would fill with pet projects that only one or two Councilmembers cared about. The compromise (by Council including myself) was that so long as four Councilmembers were interested in the topic, the city manager would place it on the agenda.

The initial procedure for securing the support of four Councilmembers came during the weekly "To/From" agenda item. A Councilmember would announce his or her interest in having an agenda item placed on a future agenda. That councilmember would say a little bit about the topic and then the Mayor would ask if there were three others who supported this or not. It was decided right then and there.

Some time into that procedure, the City Attorney voiced concern that these decisions to add something to the agenda were subject to the Open Meeting Law (because by that time there was discussion and debate about the topic not merely a head nod after the sponsor introduced it) and should be posted ahead of time. This then lead to the two step process of any one councilmember asking for an item to be placed on Section 15

(or its equivalent) and then the majority deciding whether to place it as a full discussion or actionable item with staff support.

This beget another set of issues. Section 15 was labeled as discussion items. The intent was to enable discussion on any potential agenda item and to also serve for work session items when the regular agenda was light. The problem was that to determine if there were a majority of Councilmembers who wanted to place an item on the agenda, the head nods were sometimes took the form of votes. The Clerk and Attorney discussed this and added the words "and Possible Action" to the Discussion section heading.

Lastly is the issue of public participation. State law clearly requires public participation during "Public Hearings." Flagstaff's practice has been to designate Public Hearings in its own section (Section 13) and use them when required by law (such as for a rezoning case). Furthermore, Council as a practice has allowed public participation on any agenda item except consent items. This is not required, simply practice.

Merge this practice with the evolution of Council adding agenda items and we had a new situation where Councilmembers were asking citizens (and sometimes people came without being asked) to speak in support of adding their item to the agenda. This created its own complication because many citizens did not understand this was the first of two steps. So when the majority **voted** to add the item to the agenda, some members of the public thought the subject matter itself had been voted upon favorably. This created confusion and accusations of unnecessary bureaucracy.

Consequently, the Mayor imposed a temporary rule that the Councilmember proposing the agenda item could allow one person from the public to speak in support of the item. No other public participation would be allowed. This of course led to people speaking during the generic public participation section about an item that was on the agenda (currently prohibited by our rules of procedure). This meant the Mayor had to make a decision about refusing to let speakers continue during public participation or letting them finish their 3 minutes.

This brings us to today. In order to avoid adopting the U.S. Senate's rules on debate, I would like to propose the following:

#### Option 1- Recommended

- Create a section dedicated to "Future Agenda Items."
- Any single member of Council may place an item upon this section by following the current rules of procedure.
- There is no public participation. Councilmembers need to sell their counterparts on the merits of the item. Those in the public wishing to address this item would be instructed to fill out blue written comment cards and submit them to the Clerk who will forward them to Council during the meeting but prior to this section. Rule to be noted on the agenda.

- It takes a vote of four Councilmembers to advance this to a work session or Regular Council meeting with full staff resources available.

I recommend this because it avoids meetings consumed by debating what to debate. It preserves majority rule so agendas aren't consumed by items the majority is not interested in. And it sets a higher bar when Council is taking on a role reserved for the Manager in the Charter.

#### Option 2- Not Recommended

- Create a Section dedicate to "Future Agenda Items."
- Any single member of Council may place an item upon this section by following the current rules of procedure.
- Full public participation. Any member of the public may speak related to the agenda item following the established rules.
- It takes a vote of four Councilmembers to advance this to a work session or Regular Council meeting with full staff resources available.

#### Option 3 – Not Recommended

- Any member of Council may place an item on the Section 14 "Regular Agenda" provided a second member of Council supports. This would be the equivalent of opening a discussion by making a motion and a second under Roberts Rules of Order. This request could happen during to/from or through email communication with the City Manager.
- The same rules about supporting material apply. Staff will not dedicate any time or resources to the agenda item, but sponsoring Councilmember may provide information that will be included in the packet. City Manager retains discretion of when it is placed upon the agenda.
- The item becomes actionable immediately. Council may choose to refer the item to staff for analysis, research, or other background. Council may choose to take the recommended action at the time it is first heard. Or Council may choose to schedule this for a future agenda item similar to existing process.
- Full public participation occurs on first night.

While a seemingly simple action, this actually represents a significant issue because it represents a Charter interpretation. Agenda preparation was assigned to the City Manager presumably as a separation of powers and a balance against any one voting member controlling the agenda. At the same time, citizens elected a Mayor and Councilmembers to carry-out policies and Council Meetings are the primary tool. Consequently, whatever solution is arrived needs to be a balance of these competing values.

---

Kevin Burke

#### **4.01 Procedures for Preparation of Council Agendas**

All reports, communications, ordinances and resolutions, contracts or other documents, or other matters to be submitted to the Council as part of the Council meeting agenda packet shall be available to the Council, along with a staff summary by the Friday preceding the agenda review work session for the draft agenda and by the Friday preceding the regular meeting for the regular agenda. The City Manager shall review items submitted for timeliness and completeness of information and shall make a preliminary determination whether an item should be placed on the 4:00 p.m. or 6:00 p.m. portion of the regular meeting agenda.

The City Manager shall honor any request by a member of the Council to include an item on the Council Discussion portion of the agenda. A Councilmember may submit an item for consideration at any time and the City Manager will place it in a queue with other Council requests to be placed on an agenda. The date and time of scheduling shall be weighted with other Council priority requests. The Council request for discussion of such item will be placed in the Council Discussion Section of the agenda. Upon a majority vote of the Council, discussion items will be moved to a regularly-scheduled Council meeting. The requesting Councilmember may, but is not required to, specify in a memorandum what discussion, action, or options are proposed.

Those items which are approved for the Council agenda by the City Manager shall be placed on the agenda in accordance with the order prescribed in Rule 5. Copies of the agenda and any background material shall be disseminated to the Mayor and the City Council in the manner prescribed by the Council; to the City Manager, the Deputy City Managers, the City Attorney, and the City Clerk; and shall be made available to the public no later than noon on the Friday preceding the Council meeting at which the agenda will be reviewed.

The agenda shall be made public in advance of the meeting by posting on the regular public posting board at City Hall and on the City's website. Such action shall be taken concurrently with the furnishing of the agenda to the City Council.
